# WHAT'S NEW

## Kenowa Hills High School

- **Mock Trial (one semester)**
- **Child Psychology (one semester)**

# WHAT'S RETURNING

## Kenowa Hills High School

- **Health and Family Living (one semester)**
- **Health and Nutrition (one semester)**

# WHAT'S CHANGED

## Kenowa Hills High School

- **Internship-** Placement can no longer be at the current job site, unless it is aligned with the student's career pathway. Also, internships can only be taken for one hour.
- **Understanding History through Sports (one semester)**

## VISION

Kenowa Hills Public Schools will provide meaningful learning experiences for every student, every day.

## MISSION

Kenowa Hills Public School values, supports, and empowers all learners to achieve their full potential.

## School Mascot: Lance the Knight

## School Fight Song

We are Brave and Bold  
Dressed in Black and in Gold  
You can tell we're from Kenowa Hills

We're the symbol of  
The school we love,  
The place where our loyalty dwells.

We will fight, fight, fight,  
With all of our might  
And we'll cheer them to Victory, Victory!

If you want to see a real great team,  
Keep your eyes on those Kenowa  
Knights.  
FIGHT!

# PROFILE OF A GRADUATE

The Profile of a Graduate identifies the social and emotional skills identified as most important for all KHPS graduates. The profile was developed based on student, parent, community member, and educator input. It includes five broad categories and the related skills that our community believes are necessary to be prepared for post-secondary success in college, career and life.

**EMPOWERED LEARNER**

- Embraces curiosity to explore new ideas.
- Demonstrates flexibility to learn, unlearn, and relearn.
- Plans, organizes, and prioritizes work according to short-term and long-term goals.
- Takes initiative and utilizes resources to accomplish goals.
- Seeks and responds productively to feedback.
- Perseveres through obstacles and difficulties.

**COMPLEX THINKER & PROBLEM SOLVER**

- Consistently improves the quality of one's own thinking by skillfully analyzing, assessing, and reconstructing.
- Applies disciplined thinking that is clear, rational, open-minded, and informed by evidence to develop opinions and attitudes.
- Identifies and evaluates possible solutions to difficult or complex situations.
- Implements and reflects critically on a solution.
- Understands the "bigger picture" and proposes solutions that are mindful to the impact they may have on other parts of a system.
- Understands, negotiates, and balances diverse views and beliefs to reach workable solutions.

**RESPONSIBLE COLLABORATOR**

- Honors individuals' strengths to build collective commitment and action.
- Enriches the learning of both self and others.
- Contributes and responds to feedback to achieve collective outcomes.
- Encourages diverse perspectives and contributions.
- Acts honestly and in the interest of the greater good.
- Honors commitments and owns the outcomes.

**IMPACTFUL CITIZEN**

- Listens with an open mind to understand others' situations, perspectives, and needs.
- Demonstrate awareness and respect to connect with others' experiences, feelings, and opinions.
- Makes safe, legal, and ethical choices.
- Takes action to make the world a better place.

**SKILLED COMMUNICATOR**

- Articulates thoughts and ideas effectively using oral, written, and nonverbal communication skills in a variety of forms and contexts.
- Listens effectively for meaning, knowledge, intentions, values, and beliefs.
- Uses communication for a range of purposes and audiences (e.g. inform, instruct, inspire, or influence).

**PROFILE OF A GRADUATE**

**Kenowa Hills Public Schools Education inspired.**

## CREDIT AWARDING/GRADUATION POLICY

Any student transferring to Kenowa Hills Public Schools from another institution will have prior high school credit(s) awarded based on the following:

- Credits will only be awarded when documented on an official transcript (including homeschool students).
- Courses accepted as part of the Michigan Merit curriculum at the previous school(s) will be awarded equivalent credit at Kenowa Hills High School.
- Credits awarded by an accredited Michigan High School which does not have a comparable class that is a core or elective requirement for graduation from Kenowa Hills High School, will be given elective credit. Credits from out of state schools will be awarded in compliance with the Michigan Merit Curriculum.

Any Student who transfers to Kenowa Hills Public Schools from another institution will be eligible to obtain a diploma based on the following criteria:

- Meet credit requirements, as specified in Kenowa Hills Board of Education policy and High School handbooks, through a combination of transferred and KHPS awarded credits.
- Attend KHPS for a minimum of one full academic year prior to graduation.\*

*\*This requirement may be waived at the discretion of the principal for unusual circumstances e.g., transfer from out of the area, court placement, etc.*

## GRADE VS. CREDIT/NO CREDIT OPTION

It is the intent of Kenowa Hills Public Schools to provide an accurate reflection of a student's learning through the use of letter grades. Although intended to be used for every course and student, there may be situations that warrant the use of a credit/no credit designation for courses. These would be the rare exception, rather than the rule, and should be used only in unusual circumstances and when it is in the best interest of the individual student. Such situations may include, but are not limited to, a mainstreamed ML or SE student, extended injury or illness, or a student enrolled well into a marking period or semester.

The final decision regarding the credit/no credit option will be made by the principal after consultation with the classroom teacher and school counselor. **When extenuating circumstances are not present, a decision to take a class as credit/no credit must be made by the student and approved by the High School Principal at the start of the course. Absent extenuating circumstances, grades will not be changed to credit/no credit at the end of the term or during future semesters of the student's time at Kenowa Hills High School.**

Note: An exception to this rule would be a student who successfully tests out of a course, by state law their transcript will note credit for the course.

## **KENOWA HILLS HIGH SCHOOL GRADING**

Student grades should be an evaluation of how well they have met the course objectives. Teachers will publish the basis for grading students in their classes and distribute these to their students during the first week of class.

The grade breakdown for every course will be 75% Measurement Topics and 25% everything else included but not limited to quizzes, class work, homework, or other practice activities.

All Measurement Topics must be passed with a 60% or better to earn credit in the course. Students must take the Measurement Topic or turn in the Measurement Topic on the due date.

Students who fail to earn 60% are expected to reassess. Retakes are optional for those who earn the 60% or better on Measurement Topic. When possible, students will only retake portions of Measurement Topic where proficiency is not demonstrated. The student must initiate the retake procedure/process. The process will include some type of corrective action on the student's behalf as well as time for a student to improve their skills and demonstrate that they are ready for the retake.

Students will not be allowed to reassess unless they have taken corrective actions to improve learning and are showing readiness to reassess.

It is the responsibility of the student to ask for make-up work upon returning from an absence. Make-up work shall be completed within the following timeline: One day for each day absent, plus one. Exceptions must be arranged with the individual teacher. Previously announced assignments (including presentations and projects) are due on the announced due date or the day the student returns.

## **CREDIT RECOVERY - KENOWA HILLS HS**

Students are provided one week at the end of each semester to recover failing grades with their teacher(s) who are close to passing the course (50% or higher). Failure to recover during this time will result in students having to repeat the course or take the course during summer school.

## **REPEATING FAILED CLASS**

A student may repeat a failed course to improve a grade previously earned. The new grade and credits earned will replace the old grade and credit in computing the student's grade point average. The failed grade does remain on the student's transcript.

## CLASS RANK

Students are ranked by calculated grade point average.percentile. Kenowa Hills High School recognizes a valedictorian(s) based on the cumulative Grade Point Average (GPA) after the completion of seven semesters (January of the senior year). A student's class rank is cumulative and includes all grades listed on the official student transcript. Courses that qualify for a weighted 5 point grade scale are identified in applicable sections below.

## CLASSIFICATION OF STUDENT (GRADE LEVEL)

A student's grade level is determined at the beginning of each school year. Credits toward graduation will be compiled no later than the beginning of each school year. Notification of student progress relative to expected credit achievement will occur at the end of each school year.

Freshman 0 - 3.5 credits | Sophomore: 4 - 9.5 credits | Junior: 10 - 15.5 credits | Senior: 16 + credits

## SCHEDULE CHANGE POLICY/ DROPPING OF A COURSE(S)

Please choose all courses, including alternates, with great care and deliberation.

Each year the master schedule is built based on student course requests. Teachers are hired, textbooks are purchased, and rooms are assigned based on those requests. **As a result, once the school year begins, student schedules are considered final, except for very specific, extenuating circumstances.** General requests for specific teachers, periods of instruction, or lunch periods will not be honored.

Circumstances that call for schedule changes include:

- Incomplete Schedules
- Duplicate Classes
- Errors affecting a timely graduation
- Placement changes to KCTC/Dual Enrollment, etc.
- Student was placed in a class that he/she did not request.

Schedule change request forms will be available prior to each semester, and will be reviewed by the students' school counselor. **Requests made after the first five school days of each new semester will not result in changes to a student's schedule.**

## KENOWA HILLS HS TRADITIONAL GRADUATION REQUIREMENTS- ending with class of 2027

Students who graduate from high school must satisfactorily complete the minimum of 22 units of credit in classes in grade levels 8-12. Students must be enrolled in a minimum of six units of credit in each grade from 9-12 not to exceed seven enrolled courses in a single year. One credit equals one class hour for one school year or successful completion of learning requirements through testing out.

Students graduating from the district shall satisfactorily complete the following minimum specific requirements:

### Credits Required

<b>English Language Arts (Literacy Skills) (ENG)</b>	4.0
<ul style="list-style-type: none"> <li>● All students will be enrolled in English 9, English 10, English 11, and English 12.</li> </ul>	
<b>Mathematics</b>	4.0
<ul style="list-style-type: none"> <li>● one credit for Algebra (ALG)</li> <li>● one credit for Geometry (GEO)</li> <li>● one credit in Algebra II (ALG2) <i>math must be taken in the 9<sup>th</sup>, 10<sup>th</sup>, and 11<sup>th</sup> grade years.</i></li> <li>● one credit of a math elective (MTH) <i>additional math or math related in the senior year.</i></li> </ul>	
<b>Social Studies</b> (must include the following):	3.0
<ul style="list-style-type: none"> <li>● one credit in World History/Geography (in 9<sup>th</sup> grade) (WHG)</li> <li>● one credit in U.S. History/Geography (in 10<sup>th</sup> grade) (USG)</li> <li>● one credit of Government/Economics (in 11<sup>th</sup> grade) (GOV/ECN)</li> </ul>	
<b>Science</b>	3.0
<ul style="list-style-type: none"> <li>● one credit in Biology (BIO)</li> <li>● one credit of Earth Science  Intro to Physics or Earth Science  Intro to Chemistry (SCI)</li> <li>● one credit in Chemistry and/or Physics (CHM/PHY)</li> </ul>	
<b>Physical Education/Health</b>	1.0
<ul style="list-style-type: none"> <li>● .5 credit in a physical education activity class (MPE)</li> <li>● .5 credit in Health (HTH)</li> </ul>	
<b>Visual Performing Arts (VPA)</b>	1.0

**World Language (WL)** (two years of same language in consecutive years) 2.0

\*\*Both WL credits will be waived for students educated for at least one year in a school instructed in a language other than English.

**Additional Credits Required- Electives (ELE)** 4.0

**TOTAL CREDITS required for graduation** 22.0\*

\* Computer Education (online learning experience embedded in core content classes)

Unless otherwise notes, the grade point average (GPA) is calculated based on the following 4.0 point scale.:

A = 4.0 (93-100)	B = 3.0 (83-86)	C = 2.0 (73-76)	D = 1.0 (63-66)
A- = 3.667 (90-92)	B- = 2.667 (80-82)	C- = 1.667 (70-72)	D- = .667 (60-62)
B+ = 3.333 (87-89)	C+ = 2.333 (77-79)	D+ = 1.333 (67-69)	E = 0 (0-59)

## KENOWA HILLS GRADUATION REQUIREMENTS Class of 2028 and Beyond

Students who graduate from high school must satisfactorily complete the minimum of 22 units of credit in classes in grade levels 8-12. Students must be enrolled in a minimum of six units of credit in each grade from 9-12 not to exceed seven enrolled courses in a single year. One credit equals one class hour for one school year or successful completion of learning requirements through testing out.

Students graduating from the district shall satisfactorily complete the following minimum specific requirements:

### Areas of Study

### Credits Required

**English Language Arts (Literacy Skills) (ENG)** 4.0

- All students will be enrolled in English 9, English 10, English 11, and English 12.

**Mathematics** 4.0

- one credit for Algebra (ALG)

- one credit for Geometry (GEO)
- one credit in Algebra II (ALG2) *math must be taken in the 9<sup>th</sup>, 10<sup>th</sup>, and 11<sup>th</sup> grade years.*
- .5 credit of Personal Finance (PF) *additional math or math related in the senior year.*
- .5 credit of a math elective (MTH)

**Social Studies** (must include the following): 3.0

- one credit in World History/Geography (in 9<sup>th</sup> grade) (WHG)
- one credit in U.S. History/Geography (in 10<sup>th</sup> grade) (USG)
- one credit of Government/Economics (in 11<sup>th</sup> grade) (GOV/ECN)

**Science** 3.0

- one credit in Biology (BIO)
- one credit of Earth Science, Intro to Physics or Earth Science, Intro to Chemistry (SCI)
- one credit in Chemistry and/or Physics (CHM/PHY)

**Physical Education/Health** 1.0

- .5 credit in a physical education activity class (MPE)
- .5 credit in Health (HTH)

**Visual Performing Arts (VPA)** 1.0

**World Language (WL)** (two years of same language in consecutive years) 2.0

*\*\*Both WL credits will be waived for students educated for at least one year in a school instructed in a language other than English.*

**Additional Credits Required- Electives (ELE)** 4.0

**TOTAL CREDITS required for graduation** **22.0\***

Unless noted otherwise, the grade point average (GPA) is calculated based on the following 4.0 point scale:

A = 4.0 (93-100)	B = 3.0 (83-86)	C = 2.0 (73-76)	D = 1.0 (63-66)
A- = 3.667 (90-92)	B- = 2.667 (80-82)	C- = 1.667 (70-72)	D- = .667 (60-62)
B+ = 3.333 (87-89)	C+ = 2.333 (77-79)	D+ = 1.333 (67-69)	E = 0 (0-59)

## MICHIGAN MERIT CURRICULUM (MMC) PERSONAL CURRICULUM

<b>Subject Area Credit Requirements</b>	<b>Personal Curriculum (PC) Modifications</b>
---	---

	(Sequence and delivery up to district; support courses can count for credit regardless of year)
<b>4 English Language Arts (ELA) Credits</b> <ul style="list-style-type: none"> <li>Proficiency in State Content Standards for ELA (4 credits)</li> </ul>	→ No modification except for students with an Individualized Education Plan (IEP) and for transfer students who have completed 2 years of high school
<b>4 Mathematics Credits</b> <ul style="list-style-type: none"> <li>Proficiency in State Content Standards for Mathematics (3 credits)</li> <li>Proficiency in district-approved 4th mathematics credit options (1 credit)</li> </ul> <p>*Students must have a math experience in their final year of high school</p>	→ 1 credit of the state content standards for Mathematics may be modified to .5 credit so long as the modification continues to provide the state content standards → Additional modifications allowed for students with an IEP and transfer students who have completed 2 years of high school. *Students must have a math experience in their final year of high school
<b>3 Science Credits</b> <ul style="list-style-type: none"> <li>Proficiency in State Content Standards for Science (3 credits); <b>Or</b></li> <li>Proficiency in some State Content Standards for science (2 credits) <b>and</b> completion of a department-approved formal career and technical education program (1 credit)</li> </ul>	→ No modification except for students with an Individualized Education Plan (IEP) and for transfer students who have completed 2 years of high school
<b>3 Social Studies Credits</b> <ul style="list-style-type: none"> <li>Proficiency in State Content Standards for Social Studies (3 credits)</li> </ul>	→ 1 social studies credit (other than Civics) can be exchanged for an additional English language arts, math, science, or world languages credit, or department-approved formal career and technical education program. → Additional modifications allowed for students with an IEP and transfer students who have completed 2 years of high school.
<b>1 Physical Education and Health Credit</b> <ul style="list-style-type: none"> <li>Proficiency in State Content Standards for Physical Education and Health (1 credit); <b>Or</b></li> <li>Proficiency with state Content Standards for Health (.5 credit) and district-approved extra-curricular activities involving physical activities (.5 credits)</li> </ul>	→ Credit can be exchanged for an additional English language arts, math, science, or world languages credit, or department-approved formal career and technical education program. → Additional modifications allowed for students with an IEP and transfer students who have completed 2 years of high school.
<b>1 Visual, Performing, and Applied Arts Credit</b> <ul style="list-style-type: none"> <li>Proficiency in State Content Standards for Visual, Performing and Applied Arts (1 credit)</li> </ul>	→ Credit can be exchanged for an additional English language arts, math, science, or world languages credit, or department-approved formal career and technical education program. → Additional modifications allowed for students with an IEP and transfer students who have completed 2 years of high school.
<b>2 World Language Credits</b> <ul style="list-style-type: none"> <li>Formal coursework OR equivalent learning experience in grades K-12 (2 credits); <b>Or</b></li> <li>Formal coursework or an equivalent learning experience in grades K-12 (1 credit) <b>and</b> completion of department-approved formal career and technical education program <b>or</b> an additional visual, performing and applied arts credit (1 credit)</li> </ul>	→ No modification except for students with an Individualized Education Plan (IEP) and for transfer students who have completed 2 years of high school

**Online Learning Experience**

- Course, Learning, or Integrated Learning Experience

→ No modification except for students with an Individualized Education Plan (IEP) and for transfer students who have completed 2 years of high school

## TRANSCRIPTS

Student transcripts are available through [www.parchment.com](http://www.parchment.com). Students will need to register and create an account to log-in and request transcripts. Transcripts include a student's grade point average, class rank, courses completed, and current schedule. Transcripts will not include SAT results. Many colleges and universities require that standardized test results be sent directly from the testing company.

## FREE APPLICATION OF FEDERAL SCHOLAR AID - FAFSA

The most vital step in applying for federal grants, work-study, and loans for college is the *Free Application for Federal Scholar Aid* (FAFSA®) form. Go to [FAFSA.gov](http://FAFSA.gov) to complete the application. The FAFSA form must be submitted by May 1st of a student's senior year.

## TESTING OUT

The Board of Education of the Kenowa Hills Public School District acknowledges that some students may have acquired knowledge or skills at levels that would allow them to demonstrate a reasonable degree of mastery without taking a specified course. The purpose of this policy is to provide students an opportunity to be placed in a course of study that appropriately matches their level of mastery in a subject area. Students may request an opportunity to demonstrate such mastery by testing out of a course, through a combination of comprehensive written examination(s), essays, projects, portfolios, performances, or other comparable forms as determined by each department.

In order to test out, students must adhere to the following parameters and deadlines:

1. Students may request to test out of only those classes they have not already taken. Once credit is earned through the testing out process, a student may not earn credit for a lower course in that subject's course sequence.
2. Credit is earned if the student earns a C+ (77%) or better on the corresponding course work or combination of examinations identified by each department as part of the test out criteria. Credit earned through the test out process is denoted as "CR" on student transcripts. The "CR" mark has a neutral impact on the overall grade point average calculation because it is not used in this calculation.
3. Requests for test out must be in alignment with student EDPs and are subject to administrative approval.
4. Fully completed/approved request forms must be returned to the Main Office of Kenowa Hills High School by May 15. Testing out examination dates are set for each school year, but will occur during the summer.

## KENT CAREER TECH CENTER KCTC

### PROGRAM CHOICES:

- Agriscience for Plants and Animals
- Applied Construction Technology
- Auto Collision Repair
- Automotive Technology/Maintenance Light Repair
- Aviation Maintenance Technology (Satellite Location)
- Aviation Electronics (Satellite Location)
- Criminal Justice
- Diesel & Equipment Technology
- Engineering CAD/Site Design
- Entrepreneurship and Marketing
- Graphic Communications
- Digital Animation and Game Programming
- Health Programs:
  - Health Career Foundations
  - Diagnostic Services
  - Nurse Tech/Patient Care Technician (must be a senior)
  - Emergency MEdical Tech (must be a senior)
  - Medical Assisting (must be a senior)
  - Pharmacy Technician (must be a senior)
  - Biomedical Technology (3.0 GPA | GVSU affiliated | Satellite location)
- Heating, Ventilation, AC & Refrigeration (HVAC-R)
- Hospitality/Culinary
- Mechatronics
- Networking & Cyber Security
- Precision Machining Technology (Satellite Location)
- Teacher Academy
- Welding
- Intro to Career & Technical Education
  - Intro to Automotive
  - Intro to Hospitality
  - Intro to Marketing
- Pre-Vocational Exploration

## EDUCATIONAL DEVELOPMENT PLAN (EDP)

An Educational Development Plan (EDP) is a plan of action in which students identify/record career goals and an educational pathway to achieve them. Starting in 7th grade, students are given opportunities to begin their EDP's. Required by 8th grade and updated annually, a student's EDP includes Career Pathway choices, helps identify careers in which a student may be interested and suggests four-year plans for classes that will assist them in entering identified careers. The EDP is also a place for students to store work information, activities in which they participate, and volunteer service. Students can also monitor their grades and progress toward graduation using the EDP platform.

## ACADEMIC PREPARATION

Academic Preparation provides all scholars with opportunities to gain important knowledge and develop critical skills in academic subject matter that will prepare them for adult life roles and continuing education. In Michigan, the core academic content areas include English/Language Arts, Mathematics, Science, and Social Studies. Content standards have been developed in each of these areas for K-12 scholars and are presented in the Michigan K-12 Common Core State Standards documents by content area. The K–12 grade-specific standards define end-of-year expectations and a cumulative progression designed to enable scholars to meet college and career readiness expectations no later than the end of high school. The college and career readiness expectations and high school (grades 9–12) standards work together to provide a sound academic foundation which is important to learning the increasingly complex technical skills required by today's workforce. [Michigan Academic Standards](#)

## CAREER CLUSTERS

The world of work is rapidly changing as existing jobs become more complex and new jobs demand increased levels of education. Career Clusters provide students focus and foundation for their learning experiences that not only meet their academic potential and career interest, but lead to lifelong learning and achievement.

### **Agriculture, Food and Natural Resources**

The production, processing, marketing, distribution, financing, and development of agricultural commodities and resources including food, fiber, wood products, natural resources, horticulture, and other plant and animal products or resources.

### **Architecture and Construction**

Designing, planning, managing, building and maintaining the built environment.

### **Arts, A/V, Technology, and Communication**

Designing, producing, exhibiting, performing, writing, and publishing multimedia content including visual and performing arts and design, journalism and entertainment services.

### **Business, Management and Administration**

Planning, organizing, directing and evaluating business functions essential to efficient and productive business operations.

### **Education and Training**

Planning, managing and providing education and training services, and related learning support services.

### **Energy**

Planning, designing, maintaining, generating, transmission, and distribution of traditional and alternative energy.

### **Finance**

Planning services for financial and investment planning, banking, insurance, and business financial management.

### **Government and Public Administration**

Planning and performing government functions at the local, state and federal levels, including governance, national security, foreign service, planning, revenue and taxation, and regulations.

### **Health Science Cluster**

Planning, managing, and providing therapeutic services, diagnostic services, health informatics, support services, and biotechnology research and development.

### **Hospitality and Tourism**

Management, marketing and operations of restaurants and other food services, lodging, attractions, recreation events and travel related services.

### **Human Services**

Preparing individuals for employment in careers that relate to families and human needs such as counseling and mental health services, family and community services, personal care and consumer services.

### **Information Technology**

Building linkages in information technology occupations for entry level, technical and professional careers related to the design, development, support and management of hardware, software, multimedia and systems integration services.

### **Law, Public Safety, Corrections, and Security**

Planning, managing, and providing legal, public safety and protective services and homeland security, including professional and technical support services.

### **Manufacturing**

Planning, managing and performing the processing of materials into intermediate or final products and related professional and technical support activities such as production planning and control, maintenance and manufacturing, and process engineering.

### **Marketing Cluster**

Planning, managing and performing marketing activities to reach organizational objectives.

### **Science, Technology, Engineering and Math**

Planning, managing and providing scientific research and professional and technical services (e.g., physical science, social science, engineering) including laboratory and testing services, and research and development services.

### **Transportation, Distribution, and Logistics**

Planning, management, and movement of people, materials, and goods by road, pipeline, air, rail and water and related professional support services such as transportation infrastructure planning and management, logistics services, mobile equipment and facility maintenance.

## **TENTATIVE FOUR-YEAR PLAN**

\*Ending with class of 2027

First Semester

- 1 English 9 or Honors English 9
- 2 Algebra 1 / Geometry
- 3 Biology or Honors Biology
- 4 World History & Geography
- 5 World Language 1 or VPA
- 6 Health

**MIDDLE COLLEGE (KHMC)**

Kenowa Hills Public Schools Middle College (KHMC) is a collaborative, student-centered program offered by Kenowa Hills Public Schools (KHPS) and Grand Rapids Community College (GRCC). This program combines the best elements of high school and college. KHMC students attend school at Kenowa Hills High School through their senior year and engage in an exciting

college-preparatory program of study taught by highly-qualified and fully-certified GRCC faculty members. KHMC offers students an opportunity to fulfill requirements for a high school diploma, engage in college preparatory coursework, learn college readiness skills, and earn up to 62 transferable college credits towards their undergraduate degree and/or an Associate Degree from Grand Rapids Community College at no cost to the student or their family. This opportunity provides each student an opportunity to jumpstart their college education and the ability to perform successfully with college-level proficiency.

The early middle college (EMC) is a Michigan Department of Education approved five-year program of study that begins in a student’s 10th grade year and ends in grade 13 (5th year of high school). Students initially apply in the spring of their freshmen year. During the first (sophomore) academic year, KHMC students are enrolled in one college course each semester. The number of college courses increases to two (2) per semester in the second year and three (3) college courses per semester during their senior year. During the fifth year (13th year), students are enrolled in a full college credit load on campus at GRCC. All students must be enrolled in a district approved “math experience” i.e., a math/math related class their final year of high school to earn their diploma. This course fulfills the fifth year requirement for Middle College students.

The KHMC program curriculum fulfills the Michigan Transfer Agreement (MTA) (<https://www.mittransfer.org/michigan-transfer-agreement>), making credits highly transferable to a 4-year institution. GRCC provides wrap-around services including counseling, tutoring, and media technology for participating students.

Students dropped from a Middle College course due to lack of attendance will receive an E-DR grade on their transcript. This grade type results in a 0 (zero) value for GPA calculations and will negatively affect the student’s GPA.

Kenowa Hills students earn high school credit for Middle College courses based on the assigned number of credit hours determined by the institute of higher education. The chart below reflects the college credit hour and the corresponding HS credit equivalency. For reference, a typical high school course counts for .50 credits, per semester (*see next page for credit table*).

<b>College Credit Hour</b>	<b>High School Credit Equivalent</b> (number of credits that will be reflected on a student transcript)
1	.25
2-3	.50

4-5	1.0
-----	-----

Below is the current list of AP equivalent courses that could be taken at GRCC as part of the middle college program. These courses qualify for the 5.0 point grade scale. Note that GRCC courses represented below are one (1) academic semester in length.

During the 2023-24 and 2024-25 school year, GRCC’s MA215 will be scored using the 5.0 point scale. Starting in the 2025-26 school year, MA215 will be scored on the traditional 4.0 point scale unless AP Statistics is adopted into the Kenowa Hills HS curriculum guide as an approved AP course offering.

## **KENOWA HILLS HS MIDDLE COLLEGE GRADUATION REQUIREMENTS**

Students who graduate from high school must satisfactorily complete the minimum of 22 units of credit in classes in grade levels 8-12. Students must be

enrolled in a minimum of six units of credit in each grade from 9-12 not to exceed seven enrolled courses in a single year. One credit equals one class hour for one school year or successful completion of learning requirements through testing out.

Students graduating from the district shall satisfactorily complete the following minimum specific requirements:

<u>Areas of Study</u>	<u>Credits Required</u>
<b>English Language Arts (Literacy Skills) (ENG)</b>	4.0
<ul style="list-style-type: none"> <li>● All students will be enrolled in English 9, English 10, English 11, and English 12.</li> </ul>	
<b>Mathematics</b>	4.0
<ul style="list-style-type: none"> <li>● one credit for Algebra (ALG)</li> <li>● one credit for Geometry (GEO)</li> <li>● one credit in Algebra II (ALG2) math must be taken in the 9th, 10th, and 11th grade years.</li> <li>● one credit of a math elective (MTH) additional math or math related in the senior year.</li> </ul>	
<b>Social Studies (must include the following):</b>	3.0
<ul style="list-style-type: none"> <li>● one credit in World History/Geography (in 9<sup>th</sup> grade) (WHG)</li> <li>● one credit in U.S. History/Geography (in 10<sup>th</sup> grade) (USG)</li> <li>● one credit of Government/Economics (in 11<sup>th</sup> grade) (GOV/ECN)</li> </ul>	
<b>Science</b>	3.0
<ul style="list-style-type: none"> <li>● one credit in Biology (BIO)</li> <li>● one credit of Earth Science  Intro to Physics or Earth Science  Intro to Chemistry (SCI)</li> <li>● one credit in Chemistry and/or Physics (CHM/PHY)</li> </ul>	
<b>Physical Education/Health</b>	1.0
<ul style="list-style-type: none"> <li>● .5 credit in a physical education activity class (MPE)</li> <li>● .5 credit in Health (HTH)</li> </ul>	
<b>Visual Performing Arts (VPA)</b>	1.0
<b>World Language (WL) (two years of same language in consecutive years)</b>	2.0
**Both WL credits will be waived for students educated for at least one year in a school instructed in a language other than English.	
<b>Additional Credits Required- Electives (ELE)</b>	4.0
<b>Middle College</b>	<u>1.0</u>
<ul style="list-style-type: none"> <li>● .5 credit in a middle college Math related course</li> <li>● .5 middle college elective</li> </ul>	
<b>TOTAL CREDITS required for graduation</b>	<b>23.0*</b>
* Computer Education (online learning experience embedded in core content classes)	

## DUAL ENROLLMENT

The Postsecondary Enrollment Options Act, better known as the “Dual Enrollment Act”, enables pupils to enroll in courses or programs at postsecondary institutions in Michigan. Kenowa Hills Public Schools complies with all aspects of the Dual Enrollment Act as set forth by the Michigan Department of Education (MDE). For more information regarding dual enrollment, contact your high school counselor.

Students interested in dual enrollment should be mature enough and academically ready to handle the rigors of a college course. The State of Michigan has defined cut scores on common standardized tests that may help students determine their readiness to pursue this opportunity. Dual enrolled classes will need to relate to a student’s stated postsecondary goals. Classes should be academic in nature and may not be in the area of religion. Kenowa Hills defines a class as academic in nature if that class helps a student pursue their stated postsecondary goals.

Dual enrollment must be carefully planned out with the support of High School Counselors. Student high school schedules will be modified accordingly for students that are dual enrolled. This will be based on the number of college credits being taken. The school district assists students in paying tuition (up to a limited amount determined by the Michigan Department of Education) for courses at Michigan public or private colleges or universities. Students/parents are responsible for paying tuition, fees and other expenses that exceed the allowable maximum. If interested, students should consult with their counselor early on in their high school experience. Each college will have their own dual enrollment process, which includes deadlines to apply.

Enrollment changes for dual enrollment courses must be approved by the counselor and building principal prior to the beginning of the semester for the college or university in question. Without this approval, the student assumes the financial responsibility for the course(s). If you have any questions about Dual Enrollment, please contact the high school counseling department at 784-3604.

Students dropped from a Dual Enrollment course due to lack of attendance will receive an E-DR grade on their transcript. This grade type results in a 0 (zero) value for GPA calculations and will negatively affect the student’s GPA.

Important Note: NCAA eligibility may be affected by choosing the Dual Enrollment option.

Please refer to the following website for additional information as it relates to Postsecondary Dual Enrollment Options:

[https://www.michigan.gov/documents/mde/9-12\\_Dual\\_Enrollment\\_FAQs\\_397781\\_7.pdf](https://www.michigan.gov/documents/mde/9-12_Dual_Enrollment_FAQs_397781_7.pdf)

*Additional information on dual enrollment is available from counselors in student services.*

Kenowa Hills students can earn high school credit for dual enrollment courses based on the assigned number of credit hours determined by the institute of higher education. The chart below reflects the college credit hour and the corresponding HS credit equivalency. For reference, a typical high school course counts for .50 credits, per semester.

College Credit Hour	High School Credit Equivalent (number of credits that will be reflected on a student transcript)
1	.25
2-3	.50
4-5	1.0

In May of each school year, after course enrollment requests have been finalized, dual enrollment courses planned for Kenowa Hills High School students in the upcoming school year will be reviewed by the High School School Improvement (SI) Team. This review will explore the rigor of each planned course relative to other current Advanced Placement and Middle College courses assigned the 5 point scale to determine which dual enrollment courses qualify for application of the 5 point scale in the upcoming school year. This review will be focused on the courses in question and will not include student names.

## ADVANCED PLACEMENT (AP)

College Board’s Advanced Placement Program (AP) enables willing and academically prepared students to pursue college-level studies - with the opportunity to earn college credit, advanced placement, or both - while still in high school. Students learn to think critically, construct solid arguments, and see many sides of an issue - skills that prepare them for college and beyond. Each AP course concludes with an AP Exam. AP Exams are scored on a scale of 1 to 5 by college and university professors and experienced AP teachers. Many U.S. colleges offer credit for AP Exam scores of 3 or higher. Most four-year colleges and universities in the United States grant credit, advanced placement, or both on the basis of successful AP Exam scores. To find colleges that offer credit or placement for AP scores, click [here](#).

Taking an AP course and exam is a collective effort involving students, parents/guardians, and the school. An **AP course is a yearlong commitment and schedule change requests will not be considered after the second week of school**. Each party plays a role and must make the commitment to meet the expectations noted below:

- **The student** is expected to complete summer course work, assignments, readings and projects outside of class time, and attend support sessions as recommended by the instructor. The student agrees to adhere to the KHHS student Code of Conduct.
- **The Parent/Guardian** agrees to be familiar with and accept the AP course requirements and policies, and to help his/her child organize study time in support of class assignments.

- **The Teacher** will find and utilize the available resources needed to enhance instruction and support students

## **ADVANCED PLACEMENT courses offered at Kenowa Hills**

*Note: Some classes do not run each year*

AP Biology	AP Calculus A/B	AP Chemistry
AP English Language and Composition	AP English Literature and Composition	AP Government and Econ
AP Psychology	AP Spanish Language and Culture	AP US History

**Notice:** *AP courses taken through a third party vendor that do not have an equivalent KHHS approved AP course, will be scored using the traditional 4.0 point scale.*

## **5 POINT GRADE SCALE**

Students who take an Advanced Placement course qualify for a weighted 5.0 grade scale if the final grade is C- or above. The 5.0 point grade scale used at Kenowa Hills High School is as follows:

A = 5.0 (93-100)	B = 4.0 (83-86)	C = 3.0 (73-76)	D = 1.0 (63-66)
A- = 4.667 (90-92)	B- = 3.667 (80-82)	C- = 2.667 (70-72)	D- = .667 (60-62)
B+ = 4.333 (87-89)	C+ = 3.333 (77-79)	D+ = 1.333 (67-69)	E = 0 (0-59)

## **HIGH SCHOOL CREDIT EARNED IN 8th GRADE**

Currently, Kenowa Hills Public Schools offers three, full-year high school courses at the 8<sup>th</sup> grade level: Spanish 1 (1 credit), Algebra 1 (1 credit), and Honors Biology (1 credit). By passing the course, students earn credit toward high school graduation requirements. The grade earned each semester of the high school course is recorded on the student's high school transcript.

**This grade will be calculated into the student's cumulative high school GPA.**

## **HOME SCHOOL POLICY**

Home school students may be eligible to take some courses at Kenowa Hills Public Schools. Eligible Courses are non-core, elective courses in the subject areas of physical education, art, world language, music, business, and engineering unless a district has developed graduation requirements that deem a course in one of the named subject areas otherwise. In addition to

courses in these subject areas, courses that are part of a career and technical education program, and those that are advanced placement may be considered nonessential electives.

Ineligible courses are those in subject areas that are considered essential, core-content area curriculum. Remedial courses are also ineligible, such as those provided as part of a Multilingual Learner (ML) Program (Pupil Accounting Manual, [www.michigan.gov](http://www.michigan.gov)).

Extracurricular and cocurricular eligibility for home school students wishing to participate in KHPS groups and teams is governed by applicable Board of Education policy and Michigan High School Athletic Association requirements.

## **VIRTUAL and ALTERNATIVE LEARNING**

### **KENOWA HILLS PATHWAYS HIGH SCHOOL**

[\*Pathways High School graduation requirement information and course options\*](#)

Pathways provides an individualized approach to learning, where the curriculum is delivered using an online platform (Edgenuity) and KHPS teachers facilitate the learning process. The mission of Pathways is for students to develop a path beyond high school; to remain motivated and to succeed in achieving a high school diploma.

Students are provided breakfast and lunch free of charge on a daily basis, have access to district transportation services, and can participate in KHHS athletics/extracurricular activities.

Pathways utilizes a tiered approach to attendance in the classroom. As students achieve progress in their classes and are on pace to graduate, they may earn more time to work independently as needed. The transition from a traditional, structured school day to a more independent learning experience impacts students in different ways. The attendance policy in place for students is designed to ensure that the student can make this transition at their own pace with all the necessary support they may need.

Pathways students are required to earn 19 credits to graduate: 18 credits are from the Michigan Merit Curriculum and the remaining 1 credit is in employability skills. Pathways holds its own graduation ceremony celebrating the accomplishments of students. Students receive a Michigan high school diploma and can attend any and all post-secondary options.

Pathways is a unique program and students are required to complete an application to be considered for the program.

### **KENT ISD - MYSCHOOL@KENT HIGH SCHOOL**

Kenowa Hills Public Schools partners with MySchool@Kent, a program of Kent ISD, to provide an online learning option. MySchool@Kent offers a customized online school, plus the support of a traditional school. Students are part of a hybrid program- partially online and partially face-to-face support. Students who are enrolled at MySchool@Kent are still Kenowa Hills High

School students and are required 22 credits to graduate. The credits earned are applied toward a KHHS diploma. [MySchool@Kent flier](#)

## **HIGH SCHOOL EDGENUITY COURSES**

Enrollment in an Edgenuity course for the purpose of credit recovery is made in collaboration with the building principal and is **dependent upon availability of a content certified and qualified teacher**.

\*Note while these classes meet the Michigan Merit Curriculum guidelines, they are **not** NCAA compliant and will not meet NCAA eligibility requirements.

## **NCAA ATHLETIC ELIGIBILITY**

NCAA (Athletic Eligibility): Although the National website [www.ncaa.org/](http://www.ncaa.org/) has a great deal of information, the High School Athletic and Student Services Offices have additional information to guide students and clarify issues. Scholars who intend to participate in a Division I or II sport in college are responsible to apply to the NCAA Clearinghouse in their junior year. To make an account, follow this link- <https://web3.ncaa.org/ecwr3/>

### **Division I Academic Eligibility**

To be eligible to compete in NCAA sports during your first year at a Division I school, you must meet ALL the following requirements:

- Earn 16 NCAA-approved [core-course credits](#):
  - Four years of English.
  - Three years of math (Algebra 1 or higher).
  - Two years of science (including one year of lab, if offered).
  - One additional year of English, math or science.
  - Two years of social science.
  - Four additional years of English, math, science, social science, world language or non-doctrinal religion/philosophy.
- Complete 10 of your 16 NCAA-approved core-course credits, including seven in English, math or science, before the start of the seventh semester.
- Complete your 16 NCAA-approved core-course credits in eight academic semesters or four consecutive academic years from the start of ninth grade.
- Earn a minimum 2.3 core-course GPA.
- Submit your final transcript with proof of graduation to the Eligibility Center.

### **Division II Academic Eligibility**

To be eligible to compete in NCAA sports during your first year at a Division II school, you must meet **ALL** the following requirements:

- Earn 16 NCAA-approved [core-course credits](#):
  - Three years of English.
  - Two years of math (Algebra 1 or higher).
  - Two years of science (including one year of lab, if offered).
  - Three additional years of English, math or science.
  - Two years of social science.
  - Four additional years of English, math, science, social science, world language or non doctrinal religion/philosophy.
- Earn a minimum 2.2 core-course GPA.
- Submit your final transcript with proof of graduation to the Eligibility Center.

## KHHS COURSE DESCRIPTION GUIDE

### ART DEPARTMENT

#### **ADVANCED CERAMICS AND SCULPTURE (LACS)**

**(One semester | 11th-12th Grade | VPA or ELE | .5 credit)**

**Prerequisites:** *Successful completion of Foundations in Ceramics and Sculpture*

In this class, students will continue to further techniques already learned. Assignments will become more complex and require problem solving skills. Refinement of working with clay and other materials will be expected. This is where there becomes a strong focus of craftsmanship and the quality of the work put out by each student. Introduction to the potter's wheel will be covered in this class. Self Critiques and peer critiques of work will be incorporated into the class. Research, History, and other written assignments will be required.

#### **ADVANCED DRAWING AND COLOR (LADC)**

**(One semester | 11th-12th Grade | VPA or ELE | .5 credit)**

**Prerequisites:** *Successful completion of Foundations in Drawing and Color*

This course is the next step up from the foundation class. Research and short writings are requirements for this class. Past and present day artist's history and techniques will be studied. This is a studio class dealing primarily with the drawing and painting media and techniques. Color theory, light theory, criticism, and composition principles of design will be the focus. Subject matter will be mainly in original creative ideas, landscapes, human figures, animals, building structures, and still lifes.

#### **ART IN PHOTOGRAPHY (LAP)**

**(One semester | 10th-12th Grade | VPA or ELE | .5 credit)**

**Prerequisites:** *N/A*

The class focus will be on design concepts for taking successful photos. Students will have opportunities to creatively apply skills in composition, lighting, & processing to create their own

artwork. Students will also study the history of Photography, use of photography in everyday life as well as study of iconic photography that makes an impact on society. This is a project based course with some writing and some simple presentations to share work/feedback with classmates. Students will learn photo processing skills using but not limited to iphoto, Pixlr & Photoshop.

## **FOUNDATIONS IN THE ART OF DESIGN**

**(LFAD)**

**(One semester | 10th-12th Grade | VPA or ELE | .5 credit)**

**Prerequisites:** *N/A*

This class is intended to allow students to dabble in a variety of Art media materials that time does not allow in other existing Art courses, while learning the Design skill content that cannot be fully covered in existing Art classes. In this class there is first a focus on learning Elements and Principles of Art and Design before expanding into media use. Some writing is required. This will allow more options for students to get a beginning VPA credit, as some students will have other creative interests outside of drawing, painting, ceramics, or photography.

## **FOUNDATIONS IN CERAMICS AND SCULPTURE**

**(LFCS)**

**(One semester | 9th-12th Grade | VPA or ELE | .5 credit)**

**Prerequisites:** *N/A*

This is a semester class that focuses on the building techniques of coil, slab, and pinch. Elements of Design covered will be texture, shape, and space. Media will be mainly in clay, but also other materials will be used such as cardboard and wire. Students will be required to learn terms and do written work for this course.

## **FOUNDATIONS IN DRAWING AND COLOR**

**(LFDC)**

**(One semester | 9th-12th Grade | VPA or ELE | .5 credit)**

**Prerequisites:** *N/A*

Introduction to Two Dimensional Art covers basic drawing and painting skills. Focus is mainly on drawing and painting with a variety of art media (materials used to create the art work). Focus is on the Elements of Art and Design: texture, color value, line, shape, and space. Written work is a requirement.

## **BUSINESS DEPARTMENT**

### **ACCOUNTING I**

**(GACC1A|B)**

**(Year Long | 11th-12th Grade | ELE | 1.0 credit)**

**Prerequisites:** *N/A*

This course covers all principles of the accounting cycle. Students will begin by using T accounts, then learn procedures such as entering transactions into journals, posting to ledgers, completing worksheets, preparing financial statements, adjustments, and closing entries. Additionally, topics covered include payroll, petty cash, and depreciation. Students will complete most work through online working papers, assessments and simulations. This course is highly recommended for students who are training for many of the business occupations, as well as students planning on pursuing accounting or business related majors at the post-secondary level.

### **DIGITAL CONTENT CREATION**

**(GDM)**

**(One semester | 10th-12th Grade | VPA or ELE | .5 credit)**

**Prerequisites:** *N/A*

In this course, students will design, create and publish digital media content for real-world activities. Students will take a hands-on approach to developing content for opportunities happening within the school. Students will learn the different avenues digital content encapsulates, such as vlogs, blogs, podcasts, infographics, videos, websites and social media posts

### **ENTREPRENEURSHIP**

**(GENT)**

**(One semester | 10th-12th Grade | VPA or ELE | .5 credit)**

**Prerequisites:** *N/A*

What skills and traits do you need to start and own a successful business? In this course you will study the characteristics of successful entrepreneurs. You will also learn about self-employment and basic economic concepts related to small businesses, such as competition and production. Coursework will also guide through the steps of setting up a business, including developing a business plan, a mission and a vision, attracting investors, and marketing your company.

### **GENERAL BUSINESS**

**(GGB)**

**(One semester | 10th-12th Grade | MTH or ELE | .5 credit)**

**Prerequisites:** *N/A*

In this introductory course, a variety of concepts and terms used in the business world such as stock investments, types of business ownership and franchising are introduced. Financial responsibility concepts are also taught. The curriculum teaches teens how to avoid debt, save intentionally and spend wisely.

## **INTERNSHIP**

**(VIA|B)**

**(One semester | 12th Grade | ELE | .5 credit)**

**Prerequisites:** *Students must be on track for graduation prior to enrolling in this course.*

Internships are career-focused placements with business partners. Internships may be paid or unpaid depending on the company. Students will be required to be in attendance at their internship placement a minimum of 5 hours each week. Documentation of hours worked must be submitted every two weeks. Grades will be based on course requirements and supervisor evaluations. Students will meet each day the first two weeks of the semester. Students will then be required to attend 1 class each week for additional career related experiences (practicing interview skills, resume writing, networking opportunities, etc.) **Students are not allowed to work for a parent or guardian in an internship.** Students will no longer be allowed to use their current job as their internship placement, unless it is aligned with the student's career pathway and the employer must be able to provide documentation of workman's compensation insurance. **Class may only be taken for one hour each semester**

## **MARKETING**

**(GMM)**

**(One semester | 10th-12th Grade | ELE | .5 credit)**

**Prerequisites:** *N/A*

In this introductory course, foundational concepts will be learned such as what it takes to market a product or service in today's fast-paced business environment using real-world business examples. Some of the topics covered include: buyer behavior, marketing research principles, distribution, financing, pricing, and product management.

## **PERSONAL FINANCE\***

**(GPF)**

**(One semester | 10th-12th Grade | MTH or ELE | .5 credit)**

**Prerequisites:** *N/A*

**Notes:** *\* This class is required for the class of 2028 and beyond.*

Personal Finance is a course designed to help students understand the impact of individual choices on occupational goals and future earnings potential. Real world topics covered will include income, money management, spending and credit, as well as saving and investing. Students will design personal and household budgets; evaluate housing costs and options; demonstrate knowledge of finance, debt, and credit management; and evaluate and understand insurance and taxes. This course will provide a foundational understanding for making informed personal financial decisions.

## **RECREATION EVENT PLANNING AND ADMINISTRATION**

**(GREPA|B)**

**(Year Long | 10th-11th Grade | VPA or ELE | 1.0 credit)**

**Prerequisites:** *This class is only for students in grades 10-11. Must be available in September of next year for the event.*

Have you ever attended a festival or event and wondered what goes into planning for the event? In this second semester course, students will learn about and plan all of the necessary details to host a multi-day event, the Grand Rapids Gus Macker Tournament, which is held at Kenowa Hills High School. Areas of study include building and managing a budget,

sales/advertising/marketing, hospitality (lodging and concessions), customer service, shipping/trucking, site layout, safety/security, group dynamics and emergency/medication planning and preparation. Hosting the yearly Grand Rapids Gus Macker Tournament will be the summative performance assessment for this class

## **SALES AND ADVERTISING**

**(GSA)**

**(One semester | 10th-12th Grade | VPA or ELE | .5 credit)**

**Prerequisites:** *N/A*

This introductory course has a focus at the beginning of the course on selling and sales communication techniques. The remainder of the course's focus on types, styles and strategies of advertising. This is intended to be an introductory course highlighting the importance of promotion in the business world.

## **ENGLISH | LANGUAGE ARTS DEPARTMENT**

*All areas and materials are linked to the Common Core State Standards which are embedded in each literature unit and cover all four of the areas of Language Arts. Writings and grammar for the year fulfill the Common Core State Standards and include narrative, argumentative, informative, and research-based pieces.*

## **ADVANCED PLACEMENT (AP) ENGLISH LANGUAGE & COMPOSITION**

**(BEAP12A|B)**

**(Year Long | 12th Grade | ENG | 1.0 credit)**

**Prerequisites:** *"B-" or better in AP Literature or teacher recommendation*

The AP language and Composition course is a college-level freshman writing course that focuses on the analysis of non-fiction texts such as speeches, essays, arguments, etc. The course is writing-intensive and students will write analysis and argumentative essays, both timed and polished. Students will practice and produce a variety of written products for different audiences and purposes. In addition, students will practice and demonstrate proficiency in close and critical reading. The course is also designed to prepare students for the AP Language and Composition test that could potentially earn the student college credit. Assessment of students' abilities is based on their proficiency to read, write, and think at a college freshmen level. determining, analyzing, and synthesizing complex literary elements and themes. Frequent oral and written discussions of such subjects are required.

## **ADVANCED PLACEMENT (AP) ENGLISH LITERATURE & COMPOSITION**

**(BEAP11A|B)**

**(Year Long | 11th Grade | ENG | 1.0 credit)**

**Prerequisites:** *"B-" or better in Honors English 10 or teacher recommendation*

AP English Literature is designed to challenge the highly-motivated, academically-inclined student who is interested in preparing for the Advanced Placement exam in English Literature. In addition to providing a thematic study of World Literature from the Renaissance through the present, the course includes the study of a variety of novels, poetry, and short fiction selected from many sources both past and present. The course, which demands a great deal of outside reading as well as in-class assignments, focuses upon determining, analyzing, and synthesizing

complex literary elements and themes. Frequent oral and written discussions of such subjects are required.

## **APPLIED LANGUAGE ARTS**

**(BALA|B)**

**(Year Long | 11th-12th Grade | VPA or ELE | 1.0 credit)**

**Prerequisites:** *Application Process*

Students will experience the processes involved in the production of multiple printed publications. This will include writing copies, sales, and layouts involved in producing print media. The Senior Video will also be created by students taking this course. ***Class may be repeated.***

## **CREATIVE WRITING**

**(BCW1)**

**(One semester | 10th-12th Grade | VPA or ELE | .5 credit)**

**Prerequisites:** *N/A*

This course focuses on several genres of writing to express thoughts, fears, hopes, and messages for various audiences. Students will journal, write poetry, children's stories, short stories, symbolic pieces, and several experimental pieces that compile into a re-invented book. Students will also grow in revision skills and peer evaluation techniques.

## **DEBATE**

**(BDE)**

**(One semester- semester 1 only | 10th-12th Grade | VPA or ELE | .5 credit)**

**Prerequisites:** *Must have English or Social Studies teacher recommendation*

Debate is a research driven class, with a strong focus on Policy Debate. The students will focus on a nationally determined resolution (issue), take a stance, research extensively, and debate against other teams. Policy debate is challenging in its structure and terminology, but is also highly engaging and beneficial in teaching skills in critical thinking and public speaking. The last segment of the course is focused on Legislative Debate, in which students will write a bill, present a persuasive (authorship) speech, and attempt to pass their bill into law by congress (the class).

## **ENGLISH 9**

**(BE9A|B)**

**(Year Long | 9th Grade | ENG | 1.0 credit)**

**Prerequisites:** *N/A*

This required course will offer instruction in reading, writing, speaking, listening, and research. Students will be introduced to literary forms, including the short story, the novel, drama, and poetry. Students will develop organizational, auditory, and oratorical skills by participating in research, oral presentations, and group and class discussions.

## **ENGLISH 1**

**(BR180A|B)**

**(One semester - Year Long | 9th Grade | ENG | .5 or 1.0 credit)**

**Prerequisites:** *NWEA score and a recommendation from the previous year English teacher*

This English replacement class is focused on meeting the individual reading needs of the student. Placement into the course is based on a combination of a student's NWEA assessment data and a recommendation from the previous year English teacher. The READ 180 model focuses on reading interventions through the use of whole group instruction, small group

instruction, independent reading, and individualized learning through the READ 180 student app.

## **ENGLISH 10**

**(BE10A|B)**

**(Year Long | 10th Grade | ENG | 1.0 credit)**

**Prerequisites:** *N/A*

This required course will offer a continuation of the instruction begun in English 9. Students will continue to develop skills in reading, writing, speaking, listening, and research. Students will be expected to research global issues as well as to investigate various career opportunities. Students will prepare oral and written presentations as well as participate in class discussions. Through the reading of various short stories, novels, plays, and poetry, students will enhance their understanding of literary forms.

## **ENGLISH 11**

**(BE11A|B)**

**(Year Long | 11th Grade | ENG | 1.0 credit)**

**Prerequisites:** *N/A*

This course is designed to help students become college and career ready by focusing on nonfiction reading, writing, and analysis with a particular emphasis on rhetoric. Students will continue to develop their reading, writing, speaking, listening, and research skills through the study of informational and persuasive texts, independent reading, and collaboration. This course will also help prepare students for the national and state standardized test administered to junior students in the spring

## **ENGLISH 12: CAREER PREP**

**(BE12CPA|B)**

**(Year Long | 12th Grade | ENG | 1.0 credit)**

**Prerequisites:** *N/A*

Career Prep is designed for students who know they are headed into the workforce or to a trade school after high school. The goal of this course is to prepare students for the next step: life after graduation. This course provides students with real-world writing, communication, reading, listening and speaking skills, as well as vocabulary study. Some of the activities will be writing expository and creative pieces, creating a resume and cover letter, reading non-fiction texts, and writing several thought-provoking assignments geared towards self-reflection. Students will conduct research, write essays, and give presentations. A research presentation is required for this class.

## **ENGLISH 12: COLLEGE PREP**

**(BE12COA|B)**

**(Year Long | 12th Grade | ENG | 1.0 credit)**

**Prerequisites:** *N/A*

College Prep is designed for students who plan to attend a 2-year or 4-year college or university after graduation. It will help prepare students with the reading, writing, speaking, listening, and research skills necessary to be successful at the collegiate level. Students can expect to produce narrative writing, study and analyze literature, conduct research and report out their findings in writing and presentation forms, and consistently participate in independent reading.

## **FILM AS LITERATURE**

**(BFL)**

**(One semester | 10th-12th Grade | VPA or ELE | .5 credit)**

**Prerequisites:** *N/A*

In this course, students will gain a basic understanding of cinematography and use it to analyze films. They will analyze how directors such as Alfred Hitchcock and Steven Spielberg use techniques to develop characters, setting, mood, conflict, and themes. We will also analyze how society's attitudes impact film and audience interpretation, as well as explore various interpretations of the same subject. Students are expected to write several pieces, such as a film review, a scene analysis essay, a formal script, and a comparative essay. They are also expected to create their own film, edit it, and present it. Fun and engaging class!

## **HONORS ENGLISH 9**

**(BEH9A|B)**

**(Year Long | 9th Grade | ENG | 1.0 credit)**

**Prerequisites:** *Must have teacher recommendation from 8th grader teacher and/or placement test*

This is an elective course for those students who want to work hard as well as enjoy the challenge of studying texts that stretch their thinking. We focus on a few classics, but encourage students to read choice texts throughout the year to grow their minds and endurance in reading. This is a project based course, not a text based course. The strongest measure of success is grit. Prepare to write and read extensively, and to analyze and revise with enthusiasm.

## **HONORS ENGLISH 10**

**(BEH10A|B)**

**(Year Long | 10th Grade | ENG | 1.0 credit)**

**Prerequisites:** *"B-" or better in Honors English 9 or teacher recommendation*

This class can replace English 10 for those students who meet the prerequisites and wish to pursue AP-level English courses during their 11th and 12th grade years. The course is designed to prepare students with the foundational skills needed to be successful at the AP English level. Students who take this course should be avid readers, have a strong command of language, and enjoy the challenge of academic writing like analysis and research writing. Students will practice and demonstrate proficiency in reading and writing analysis of both nonfiction and fiction texts (including poetry) as well as expository and argumentative pieces.

## **INTRODUCTION TO COMMUNICATION**

**(BIC)**

**(One semester | 10th-12th Grade | VPA or ELE | .5 credit)**

**Prerequisites:** *N/A*

This course is divided into five basic units. The first type students will study is intrapersonal communication, in which they will investigate how family, school, work, gender and so on affect their self-concept. In the interpersonal communications unit, students will analyze person to person communication, reading body language, tone, and facial expressions, etc. In small group communication, students will understand various group roles and participate in a giving project. The fourth unit is a study of public communication and the media's role in communicating with and manipulating public opinion. The final unit project is student choice: sign language, animal communication, etc.

## INTRODUCTION TO DRAMA

(BID)

(One semester | 10th-12th Grade | VPA or ELE | .5 credit)

Prerequisites: *N/A*

This class is designed to give the aspiring actor or actress an introduction to the world of the theater. Characterization, improvisation, and pantomime will acquaint the student with basic elements of acting. The class will also examine stage movement, role playing, theater language and history, and dramatic readings. If possible, the class will visit area theaters and attend theater productions throughout the Grand Rapids area. Each student will perform a memorized scene at the end of the semester.

## MOCK TRIAL

(BMT)

(One semester- second semester only | 10th-12th Grade | ELE | .5 credit)

Prerequisites: *Taking Debate during semester one would be helpful for students.*

In Mock Trial, students will play witnesses and lawyers in both civil and criminal actions relating to contemporary topics. The goal of this class is to increase confidence in public speaking and critical thinking as well as knowledge of legal processes and civic engagement. Mock trials have proven to be an effective learning tool for students of all grade levels. It helps them understand the law, practice critical thinking, and gain greater confidence with public speaking by assuming the roles of attorneys and witnesses in a fictional criminal or civil trial. Participants experience first-hand the difficulties that judges, lawyers, and juries face in determining which facts are relevant and what legal arguments are effective. Class time is devoted to preparations for various competitions, which are optional, but will earn students Forensics cords at graduation.

## GENERAL ELECTIVES

### ADVANCED PEER TO PEER

(SAPP)

(One semester | 11th-12th Grade | VPA or ELE | .5 credit)

Prerequisites: *Application Process and Intro to Peer to Peer*

Advanced Peer to Peer is for students who have completed the Intro to Peer to Peer class and are looking to increase their knowledge of disabilities, gain a greater understanding of people with disabilities and increase leadership skills. The primary responsibility of a Peer to Peer Support Student is to model age appropriate behavior for the student with the I.E.P. The Peer to Peer Support Student may provide peer support to his/her assigned student in the areas of organization, social skills, and academics during the scheduled class period. The LINKS student is expected to participate in training, follow school and classroom expectations, journal weekly, complete a semester-end project, and participate in case-conferences throughout the semester. Advanced Peer to Peer Support Students receive 1/2 elective credit after successfully completing a semester of participation as a peer to peer support. ***This course can be repeated.***

### EXPERIENTIAL LEARNING

(VEXLA|B)

(Year Long | 12th Grade | ELE | 1.0 credit)

Prerequisites: *The student must also be taking a high school course concurrently that relates directly to the internship.*

Students will gain experience working in an educational setting. Organizational, mentoring, tutoring, and interpersonal skills will be developed with a teacher coordinator. Students will spend the first 2-3 weeks of the semester with the teacher coordinator. Students will then be

placed in a classroom in the district to work under the direction of a classroom teacher. Students will be expected to complete a training agreement, training plan, and weekly time cards. Students are selected on the basis of their attendance records, reliability, initiative, trustworthiness, and general sense of responsibility. Students must have a 2.0 GPA and complete the application process. Students may not take this course for more than 2 semesters, and no more than 1 hour a day. Teachers may have one assistant each semester. Grades will be based on course requirements and supervisor evaluations.

## **INTRODUCTION TO PEER TO PEER**

**(SIPP)**

**(One semester | 10th-12th Grade | ELE | .5 credit)**

**Prerequisites:** *N/A*

The Peer to Peer Support Student is assigned to the program 5 days a week during their scheduled class period. He/she follows the same schedule for one semester. The primary responsibility of a Peer to Peer Support Student is to model age appropriate behavior for the student with the I.E.P. The Peer to Peer Support Student may provide peer support to his/her assigned student in the areas of organization, social skills, and academics during the scheduled class period. The LINKS student is expected to participate in training, follow school and classroom expectations, journal daily, complete a semester-end project, and participate in case-conferences throughout the semester. Peer to Peer Support Students receive ½ elective credit after successfully completing a semester of participation as a peer to peer support.

## **KENT CAREER TECH CENTER (KCTC)**

**(VKCTC1A|B)**

**(Year Long | 11th-12th Grade | Credit Varies | 3.0 credit)**

**(VKCTC2A|B)**

**Prerequisites:** *N/A*

**(VKCTC3A|B)**

Kent Career and Technical Center (KCTC) courses are available to juniors and seniors and are offered by cluster. Students are able to specialize in one specific program of the cluster or experience a combination of programs over a one or two-year period. The clusters/programs are: Most programs at the Kent Career and Technical Center have been articulated to area colleges. This allows a student to begin college course work in a particular career field while still enrolled in high school. Complete information on Kent Career and Technical Center programs is available in Student Services or by calling directly to 364-8421 (Kent Career and Technical Center). Seats are limited in these programs. See a counselor regarding the application process.

## **KNIGHT L.I.F.E I**

**(XKL)**

**(One semester | 10th-12th Grade | VPA or ELE | .5 credit)**

**Prerequisites:** *N/A*

(Leadership. Innovation. Focus. Education.) Knight L.I.F.E. is a social-emotional learning course where students discover how to become the ideal Kenowa Hills graduate: empowered and informed learners, complex thinkers, responsible collaborators, skilled communicators, and impactful citizens who inspire change and actively work for a better tomorrow. Knight L.I.F.E. Learners utilize their own life story and classroom experiences to enrich dialogue, enhance social awareness, celebrate diversity, and increase empathy both in our school and in our world.

## **KNIGHT L.I.F.E II**

**(XKL2)**

**(One semester | 10th-12th Grade | VPA or ELE | .5 credit)**

**Prerequisites:** *N/A*

(Leadership. Innovation. Future. Education.) is a continuation of Knight LIFE I, a social-emotional leadership course where students discover how to become the ideal Kenowa Hills graduate: empowered and informed learners, complex thinkers, responsible collaborators, skilled communicators, and impactful citizens who inspire change and actively work for a better tomorrow. Knight L.I.F.E. II learners utilize their own life story and classroom experiences to enrich dialogue, enhance social awareness, celebrate diversity, and increase empathy both in our school and in our world. Knight LIFE II dives deeper into the competencies introduced in Knight LIFE I and gives opportunities for real-world application.

## **MATH DEPARTMENT**

### **ADVANCED ALGEBRA WITH STATISTICS I**

**(EAAS1)**

**(One semester | 12th Grade | MTH or ELE | .5 credit)**

**Prerequisites:** *Successful completion of Algebra 2*

Advanced Algebra with Statistics I is a general survey of mathematical topics that help a diverse audience, with different backgrounds and career plans, to understand mathematics, and extends some of the ideas explored in Algebra II. The topics include Problem Solving and Critical Thinking; Set Theory; Logic; Number Representation and Calculation; Number Theory and the Real Number System; Algebra; Equations and Inequalities; and Statistics.

### **ADVANCED ALGEBRA WITH STATISTICS II**

**(EAAS2)**

**(One semester | 12th Grade | MTH or ELE | .5 credit)**

**Prerequisites:** *Successful completion of Algebra 2*

Advanced Algebra with Statistics II is a general survey of mathematical topics that help a diverse audience, with different backgrounds and career plans, to understand mathematics, and extends some of the ideas explored in Algebra II. The topics include: Algebra: Graphs, Functions, and Linear Systems; Consumer Mathematics and Financial Management; Measurement; Geometry; Counting Methods and Probability Theory; Mathematical Systems; Voting and Apportionment; Graph Theory.

### **ADVANCED PLACEMENT (AP) CALCULUS A/B (EAPCABA|B)**

**(Year Long | 11th-12th Grade | MTH or ELE | 1.0 credit)**

**Prerequisites:** *Successful Completion of Pre-Calculus*

This class covers trigonometry, algebra, and geometry and their relationships to each other and to calculus. It will include the process of integration and differentiation and their applications to Science and Social Studies.

## **ADVANCED PLACEMENT (AP) CALCULUS B/C (EAPBCA|B)**

**(Year Long | 12th Grade | MTH or ELE | 1.0 credit)**

**Prerequisites:** *Successful Completion of Calculus A/B*

This class is a continuation of Advanced Placement Calculus A/B.

## **ALGEBRA 1**

**(EA1A|B)**

**(Year Long | 9th Grade | ALG | 1.0 credit)**

**Prerequisites:** *N/A*

Algebra I builds upon a number of key algebraic topics assumed to have been developed in the middle grades, namely a deep knowledge of linear patterns of change and familiarity with nonlinear patterns such as exponential and quadratic. Algebra will also build on the increasingly generalized approach to the study and representations of functions. This is done by broadening the study of linear relationships to include piecewise functions, systems of equations with three unknowns, formalized function notation and recursive representations, and the development of bivariate data analysis topics. Students will also develop their knowledge of power and polynomial patterns of change and the applications they model. Finally, Algebra I will also expand the students' knowledge of the real number system and the number domain from real to complex numbers.

## **ALGEBRA 2**

**(EA2A|B)**

**(Year Long | 11th-12th Grade | ALG2 | 1.0 credit)**

**Prerequisites:** *Successful completion of Algebra and Geometry*

The goal of Algebra II is to build upon the concepts taught in Algebra I and Geometry while adding new concepts to the students' repertoire of mathematics. Algebra II continues the study of exponential and logarithmic functions and further enlarges the catalog of function families to include rational and trigonometric functions. In addition to extending the algebra strand, Algebra II will extend the numeric and logarithmic ideas of accuracy, error, sequences, and iteration. The topic of conic sections fuses algebra with geometry. Students will also extend their knowledge of univariate and bivariate statistical applications. Note: A few students will be eligible to enroll in Algebra IIA and Algebra IIB for their 11th and 12th grade years. This option is for students who received grades lower than a "C" in Algebra I and Geometry and can only be taken with teacher recommendation.

## **ALGEBRA 2 OVER TWO YEARS A**

**(EA2AA|B)**

**(Year Long | 11th Grade | ALG2 (S1) ELE (S2) | 1.0 credit)**

**Prerequisites:** *Successful completion of Algebra and Geometry*

This course will cover the first half of Algebra II in one full school year.

## **ALGEBRA 2 OVER TWO YEARS B**

**(EA2BA|B)**

**(Year Long | 12th Grade | ALG2 (S1) ELE (S2) | 1.0 credit)**

**Prerequisites:** *Successful completion of Algebra and Geometry*

This course will cover the second half of Algebra II in one full school year.

## **GEOMETRY**

**(EGA|B)**

**(Year Long | 10th Grade | GEO | 1.0 credit)**

**Prerequisites:** *Successful completion of Algebra*

Geometry builds on a number of key geometric topics developed in the middle grades, namely relationships between angles, triangles, quadrilaterals, circles, and simple three-dimensional shapes. Students studying Geometry in high school further develop analytic and spatial reasoning. They apply what they know about two-dimensional figures to three-dimensional figures. Geometry includes the study of right triangle trigonometry that is developed through similarity relationships. These topics allow for many rich real-world problems to help students expand geometric reasoning skills. It is critical that connections are made between the following topics: algebraic reasoning to geometric reasoning and transformations of linear and quadratic functions to geometric transformations.

## **HONORS ALGEBRA 1**

**(EHA1A|B)**

**(Year Long | 11th-12th Grade | ALG | 1.0 credit)**

**Prerequisites:** *Teacher recommendation is used for placement into the course, along with consideration of NWEA math scores, work ethic, and other factors to gauge student readiness for the honors level.*

Algebra I builds upon a number of key algebraic topics assumed to have been developed in the middle grades, namely a deep knowledge of linear patterns of change and familiarity with nonlinear patterns such as exponential and quadratic. Algebra will also build on the increasingly generalized approach to the study and representations of functions. This is done by broadening the study of linear relationships to include piecewise functions, systems of equations with three unknowns, formalized function notation and recursive representations, and the development of bivariate data analysis topics. Students will also develop their knowledge of power and polynomial patterns of change and the applications they model. Finally, Algebra I will also expand the students' knowledge of the real number system and the number domain from real to complex numbers.

## **HONORS GEOMETRY**

**(EHGA|B)**

**(Year Long | 10th Grade | GEO | 1.0 credit)**

**Prerequisites:** *Successful completion of Algebra 1 and teacher recommendation are used for placement into the course, along with consideration of NWEA math scores, work ethic, and other factors to gauge student readiness for the honors level.*

Geometry builds on several key geometric topics developed in the middle grades while continually deepening students' understanding of algebraic relationships. Students studying Geometry in high school further develop analytic and spatial reasoning. They apply what they know about two-dimensional figures to three-dimensional figures. Geometry includes the study of right triangle trigonometry developed through similarity relationships. These topics allow many rich real-world problems to help students expand their geometric reasoning skills. Connections must be made between the following topics: algebraic reasoning to geometric reasoning and transformations of linear and quadratic functions to geometric transformations.

## PRE-CALCULUS

(EPCA|B)

(Year Long | 10th-12th Grade | MTH or ELE| 1.0 credit)

**Prerequisites:** *Successful completion of Algebra 2*

This course integrates the background students must have to be successful in calculus (advanced work with functions and trigonometry, and introduction to limits and other calculus ideas), with the discrete mathematics (number systems, combinations, recursion, graphs) helpful in computer science. Mathematical thinking, including specific attention to formal logic and proof, is a theme throughout. Pre-Calculus provides the background necessary for any typical calculus course, either at the high school or college level, including those that place a heavy emphasis on proof, and including advanced placement calculus courses at either the AB or BC level.

## MUSIC DEPARTMENT

### CHORALE

(JCHA|B)

(Year Long | 9th-12th Grade | VPA or ELE | 1.0 credit)

**Prerequisites:** *Available by audition*

Emphasis will continue on improving the singing voice, as well as advanced work in music theory and sight singing. An advanced selection of music will be performed by this select ensemble. Opportunities for vocal competition are provided. Performances are given throughout the year, and each member is required to attend. It should be noted this class is a performance group. ***It should also be understood that extra rehearsals and performances are an important part of the commitment. Absence from these can result in the student's grade suffering. Class may be repeated.***

### CONCERT BAND

(JCB)

(One semester- S2 | 9th-12th Grade | VPA or ELE | .5 credit)

**Prerequisites:** *N/A*

Concert Band is open to all band students. This group will perform concert band literature, which will range in difficulty from easy to medium difficult. Performances will include school concerts and possible festival participation. ***It should be noted this class is a performance group. It should also be understood that extra rehearsals and performances are an important part of the commitment. Absence from these can result in the student's grade suffering. Class may be repeated.***

### MARCHING BAND

(JMB)

(One semester | 10th-12th Grade | VPA or ELE | .5 credit)

**Prerequisites:** *N/A*

This group concentrates on the performance of music which is visually enhanced by the use of drill (marching) and auxiliary units. The group consists of the block band, which is made up of the wind and percussion players, and the color guard, which uses dance and equipment (flags, rifles, etc.) to visually interpret the music. This band performs many different styles of music. Performances include concerts, contests and festivals, parades, and half-time shows. It should be noted this class is a performance group. ***It should also be understood that extra rehearsals and performances are an important part of the commitment. Absence from these can result in the student's grade suffering. Class may be repeated.***

## MUSIC APPRECIATION

(JMA)

(One semester | 10th-12th Grade | VPA or ELE | .5 credit)

Prerequisites: N/A

This course is designed for the student who is not involved in a performance class but would like a music experience or for the student who is involved in a performance class who would like a more in depth look at music. Students will examine basic elements of music including rhythm, melody, and pitch. Other areas will include an overview of the history of music, major composers, how musical instruments produce sound, how the human singing voice works, and various musical styles. If possible, the class will attend various musical experiences throughout the Grand Rapids area.

## ORCHESTRA

(JOA|B)

(Year Long | 9th-12th Grade | VPA or ELE | 1.0 credit)

Prerequisites: N/A

Orchestra is a performance based class open to all students who play a string instrument (violin, viola, cello, string bass). This group will rehearse and perform string orchestra and symphony orchestra literature which will range in difficulty from medium difficult to very difficult. Performances will include school concerts, MSBOA festival participation (district and state) and other school and community related performance opportunities. (Wind and percussion players will be selected from the Wind Ensemble when needed.) ***It should be noted this class is a performance group. It should also be understood that extra rehearsals and performances are an important part of the commitment. Absence from these can result in the student's grade suffering. Class may be repeated.***

## PERCUSSION ENSEMBLE

(JDCG)

(One semester | 10th-12th Grade | VPA or ELE | .5 credit)

Prerequisites: N/A

Note: No music experience necessary

Percussion ensemble is a new course designed to help percussion students and non Percussion students develop or further their musical skills outside of a regular band class. Students will rehearse and perform with others. They will be taught music reading skills, musicality, and percussion performance skills. We will work on music to be performed with the bands and orchestra, as well as music to be performed on our own as a percussion ensemble. ***It should be noted this class is a performance group. It should also be understood that extra rehearsals and performances are an important part of the commitment. Absence from these can result in the student's grade suffering. Class may be repeated.***

**Course Requirements:** Students will participate in individual practice, individual and group lessons, and daily rehearsals for the entire duration of the class. Students are expected to be actively engaged in rehearsal and participate by playing their instruments, and participating in discussions on the musical literature.

## PHYSICAL EDUCATION AND HEALTH DEPARTMENT

### HEALTH

(MH)

(One semester | 9th Grade | HTH | .5 credit)

Prerequisites: *N/A*

Students must successfully complete one semester of Physical Education and one semester of Health. The Health Education units include Physical Activity, Nutrition, Internet Safety, Gambling Prevention, Character Development, Managing Conflict and Preventing Violence, Solutions for Tobacco, Alcohol and other Drugs, Sun Safety, and STD's/AIDS Education.

### HEALTH AND FAMILY LIVING

(MHFL)

(One semester | 10th-12th Grade | ELE | .5 credit)

Prerequisites: *N/A*

This course focuses on the family and its functions. Students will develop an understanding of family structures, how a family changes over the life cycle, how to effectively relate to others in their family and analyze various family roles, how to balance work and family roles, how to manage family events, and they will develop an understanding of family law. This course will give students insight into how family impacts them personally, as well as the "global" family.

### HEALTH AND NUTRITION

(MHN)

(One semester | 10th-12th Grade | ELE | .5 credit)

Prerequisites: *N/A*

Nutrition Education is a course that takes an in depth look at nutrition and how it affects the body. The activities presented assist students in applying current nutrition information to their own lives. Students will plan and modify their diet and appearance, and will learn the relationship between nutrition and exercise. They will also evaluate the nutrient adequacy of meals and learn the functions of nutrients in the body. Using diet analysis computer software, students will set goals for improvement in their overall nutrition and exercise plans. Students will be provided with the background needed to select and prepare foods. They will also learn to modify their lifestyles to promote overall good health.

### KNIGHT STRENGTH

(MKS)

(One semester | 9th-12th Grade | ELE | .5 credit)

Prerequisites: *Successful completion of Physical Education*

This class focuses on developing individual fitness routines specifically tailored to each student. Classroom settings as well as application of the material in the fitness center are utilized to teach the subject. Students receive individual instruction in total body strength training, body core stability, flexibility and agility as well as explosive power, speed and quickness. This class is available to anyone who is interested in learning lifetime fitness concepts and wellness activities. ***This class may be taken more than once.***

## **LIFETIME ACTIVITIES**

**(MLA)**

**(One semester | 10th - 12th Grade | ELE | .5 credit)**

**Prerequisites:** *Physical Education or PE Waiver*

**Note:** *Some sports (i.e. bowling) may require an activity fee.*

This course will focus on “lifetime” fitness activities. Skill and knowledge of each activity/game will be emphasized throughout the semester. Students will participate in a number of game play settings, both in teams and individualized. Activities include (but not limited to); basketball, volleyball, tennis, pickleball, bowling, soccer, softball, air force football, ultimate frisbee, running and aerobic activities. This class supports the development of leadership skills for all students as well as the empowerment of ALL students to foster an inclusive class and school-wide environment by becoming proficient in sport specific skills, body movements, flexibility, and team building skills. Students may be asked to participate in the Unified Sports program as well with some of their peers

## **PHYSICAL EDUCATION**

**(MPE)**

**(One semester | 9th Grade | MPE | .5 credit)**

**Prerequisites:** *N/A*

Students must successfully complete one semester of Physical Education and one semester of Health. This is a prerequisite for enrolling in additional PE classes. This class is taught on a daily alternating basis of physical education and health education. The Physical Education units include Flag Football, Fitness Activities, Soccer, Basketball, Volleyball, Team Handball, Badminton, Floor Hockey, Tennis, Golf and Softball. Grades will be determined by participation, written tests, skills, and dressing out for physical education class.

## **SPORTS ADMINISTRATION**

**(MSAD)**

**(One semester | 11th-12th Grade | ELE | .5 credit)**

**Prerequisites:** *Physical Education or PE Waiver*

Is a course designed for the students to become certified officials for interscholastic volleyball AND basketball. The course will follow the LEGACY program designed by the Michigan High School Athletic Association (MHSAA) to develop knowledge, skills and competencies in order to become a certified official. (delete the following sentence as we will now offer Basketball AND volleyball officiating in the same semester) The fall semester (September-January) will focus on Volleyball and the Spring Semester (January/June) will focus on basketball. These courses are open to Juniors and Seniors who have successfully completed a semester of KNIGHT Strength, or with approval of the Department Chair.

## SCIENCE DEPARTMENT

### ADVANCED PLACEMENT (AP) BIOLOGY

(DAPBA|B)

(Year Long | 11th-12th Grade | ELE | 1.0 credit)

**Prerequisites:** *Successful completion of Biology with an “A” or “B” AND Chemistry with an “A” or “B”*

In addition to these requirements, it is highly recommended that students have good writing and math skills. Advanced Placement Biology will seek to meet the objectives of a general biology course at the college level. The AP Biology course will be divided into three broad areas: Molecular and Cellular Biology, Heredity and Evolution, and Population Biology. A college level textbook will be used and laboratory experiences will be an integral part of this course. It is expected that students will take the national AP Biology exam in May. If a student scores well on the examination, most colleges will give credit for up to eight hours of college freshman biology. Students who choose to take the AP exam will do so at their own expense.

### ADVANCED PLACEMENT (AP) CHEMISTRY

(DAPCA|B)

(Year Long | 11th-12th Grade | ELE | 1.0 credit)

**Prerequisites:** *Successful completion of Chemistry with a “B+” or higher*

AP Chemistry® is an intense rigorous college level chemistry course. General Chemistry is a prerequisite for the course and it is recommended that students should have earned a B+ or higher in general Chemistry before undertaking the course. AP Chemistry® takes an inquiry based approach to learning about chemistry and it is expected that about 25% of our time will be spent on extended lab investigations. The regular chemistry course prepares you for doing some of the basic problem solving involved in AP Chemistry®, while this course will spend more time learning the fundamental causes and theories behind the previously learned chemistry content. Preparing and maintaining a lab notebook and running detailed analysis of experimental results will be required of all students in order to prepare them for a college chemistry lab setting. Those students interested in pursuing chemistry or related fields that require college level chemistry will benefit the most from this course. Whether or not the AP exam is passed this course serves as a good preparatory tool to ease students into a college chemistry setting.

### BIOLOGY

(DBA|B)

(Year Long | 9th Grade | BIO | 1.0 credit)

**Prerequisites:** *N/A*

Biology is a science in which all living things and their processes are investigated. Biological concepts are taught to aid the student in understanding and appreciating the diversity of his/her biotic and abiotic environment. An emphasis is placed on cellular activities, genetics, and critical thinking. Laboratory experiments, demonstrations, films, and projects all help to achieve this goal. This class will cover all of the essential NGSS standards.

## **CHEMISTRY**

**(DCA|B)**

**(One Year | 11th-12th Grade | CHM/PHY | 1.0 credit)**

**Prerequisites:** *Successful completion of Algebra 1, Biology, Earth Science/Intro to Physics or Honors*

*Earth Science*

This class is a study of the composition of substances in our world and the changes that take place in them. The course is designed to familiarize the student with these changes and to help him/her understand them. In addition, the course tends to encourage the habit of scientific thinking. Laboratory experiments, demonstrations, lectures, and hands-on experience will help to achieve these goals. Chemistry is the basis for many other science fields and is a great course for any student interested in pursuing a career in science. Chemistry involves a great deal of applied mathematics and logical reasoning. It is highly recommended that students have a strong math/science background.

## **CRIMINALISTICS**

**(DC)**

**(One Semester | 10th-12th Grade | ELE | .5 credit)**

**Prerequisites:** *N/A*

Criminalistics is a one semester crime scene investigation class. The emphasis in the class is on laboratory work that would typically be done by a crime scene investigator. Attention will be put on evidence collection and processing, as well as logical reasoning and validity of evidence and methods. Topics include: Fingerprinting, Time of Death Estimates (lividity, temp, rigor mortis, entomology), Hair/Fiber/Particulate Analysis, Ballistics & Blood Spatter, and DNA analysis. Each unit will include labs & activities, and most assessments are a mix between content knowledge and lab skills. The entire course is framed as a murder mystery where we frame one of the students for the crime and plant evidence to be collected throughout the semester as we learn new topics.

## **EARTH SCIENCE**

**(DES)**

**(One Semester | 10th-12th Grade | ELE | .5 credit)**

**(DESS)-STEM**

**Prerequisites:** *Successful completion of Biology*

Earth Science is an introductory level one semester course in the earth sciences. The class covers five areas of study, the Geologic History of Earth, Space Systems, Earth's Systems and Cycles, Weather and Climate, and Human Impact. Emphasis in this course is placed on a general understanding of the major principles of each topic area in earth science. Particular attention is given to human impact on the Earth in order to guide the development of an informed citizenry.

## **HONORS BIOLOGY**

**(DHBA|B)**

**(Year Long | 9th Grade | BIO | 1.0 credit)**

**Prerequisites:** *N/A*

This course is designed to meet the needs of students who are looking for a more in depth study of biological concepts and advanced laboratory skills paced at an academically challenging level. It will dive more extensively into biological concepts and provide students with a variety of laboratory experiences to prepare them to take advanced placement courses in

the future. In this course we will be studying the processes of life and the interconnectedness of living things while building scientific thinking and procedures in order to think more critically and explore deeper. Topics covered will include biochemistry, cellular structure and function, genetics, ecology, and evolution.

## **HONORS EARTH SCIENCE**

**(DHESA|B)**

**(Year Long | 10th Grade or 11th-12th Grade | 10th- SCI or 11th-12th- ELE | 1.0 credit)**

**Prerequisites:** *N/A*

This year long course is designed as a college-level geology class that takes the place of the general overview Earth Science Class. Students will take a deeper look into the geologic principles that build and test their understanding of how the Earth works. This class will focus on geological hazards (volcanism, earthquakes, flooding), weathering, erosion, glaciers, origin of minerals and rocks, groundwater and the geological history of Earth. Students will be given practical experience which includes various labs and activities, identifying common rocks and minerals, reading topographic and geologic maps and in depth preparation for the GVSU college credit exam. Emphasis is placed on laboratory experience and skills as well as more in depth study of the geology specific to Michigan.

## **HUMAN ANATOMY AND PHYSIOLOGY**

**(DHAPA|B)**

**(Year Long | 11th-12th Grade | ELE | 1.0 credit)**

**Prerequisites:** *Successful completion of Biology with a "C" or better.*

This course is a close examination of the human body, its systems, functions, disorders and health education. Advanced dissection will happen continually throughout the year and is required. This class is designed to prepare upperclassmen students to have sufficient knowledge and exposure to enter a collegiate biological science course of study and is recommended for students planning to go into the health professions after high school.

## **INTRODUCTION TO CHEMISTRY**

**(DIC)**

**(One Semester | 10th Grade | SCI | .5 credit)**

**Prerequisites:** *N/A*

This one semester course covers the basic content for Chemistry based on the Next Generation Science Standards (NGSS). Course topics include Elements and the Periodic Table, Formulas, Equations, Types of Reactions, Nuclear Reactions, Thermodynamics and Chemical Equilibrium. This class will prepare students for the workplace, college courses and the Michigan Merit Exam (MME) given to all juniors in Michigan.

## **INTRODUCTION TO PHYSICS**

**(DIP)**

**(One Semester | 10th Grade | SCI | .5 credit)**

**(DIPS)-STEM**

**Prerequisites:** *N/A*

This one semester course covers the basic content for Physics based on the Next Generation Science Standards (NGSS). Course topics include Newton's Laws, Work, Power, Energy, Waves (sound, Light, Electromagnetic Spectrum) and Electricity and Magnetism. The class will prepare students for the workplace, college courses and the Michigan Merit Exam (MME) given to all juniors in Michigan.

## **PHYSICS**

**(DPA|B)**

**(Year Long | 11th-12th Grade | CHM/PHY | 1.0 credit)**

**Prerequisites:** *N/A*

This course qualifies for the third year of science credit for graduation and covers all of the core material for physics. Physics covers the topics of mechanics, kinetic theory, electromagnetism, waves, relativity and modern physics. The social and philosophical implications, and the utility and limitations of physics for the solution of problems in the modern world will also be explored. Principles are developed through lectures, demonstrations and lab activities.

## **SOCIAL STUDIES DEPARTMENT**

### **ADVANCED PLACEMENT (AP) GOVERNMENT & ECONOMICS**

**(CAPGA|B)**

**(Year Long | 11th-12th Grade | GOV/ECN | 1.0 credit)**

**Prerequisites:** *N/A*

The course framework within this course and exam description is a model of political and ideological balance. It will not only help students understand the U.S. Constitution and the political system but will also help them become informed citizens who are willing to preserve, protect, and defend the rights and liberties at the core of our nation's charter. That is why we are delighted to partner with College Board on a series of classroom lessons and materials that support instruction in AP U.S. Government and Politics and help bring balanced constitutional content to students across America.

### **ADVANCED PLACEMENT (AP) PSYCHOLOGY**

**(CAPPA|B)**

**(Year Long | 12th Grade | ELE | 1.0 credit)**

**Prerequisites:** *N/A*

Advanced Placement Psychology is designed to introduce students to the systematic and scientific study of the behavior and mental processes of human beings and other animals. Students will study psychological experiments and results, principles, and phenomena associated with each of the major subfields within psychology. Students will also learn about the ethics and methods psychologists use to study behavior.

### **ADVANCED PLACEMENT (AP) UNITED STATES HISTORY**

**(CAPUSA|B)**

**(Year Long | 10th-12th Grade | USH or ELE | 1.0 credit)**

**Prerequisites:** *Successful completion of World History with a "C+" or better AND written recommendation from World History instructor*

This course will be a two-semester course examining US History from the time of the American Revolution through present day. It will also be run as an introductory college course in United States History. Students will be asked to express their academic understanding in a variety of ways including, but not limited to, critical thinking, persuasive writing, investigative research, document analysis, interpretive reading, and synthesis of ideas. Reading and writing will be integral parts of this course and much of the reading will draw from college level texts. Students should be prepared for the additional time needed for this course. This course will also help prepare students for the Advanced Placement exam, which is given toward the end of the school year.

## **CHILD PSYCHOLOGY**

**(CCP)**

**(One Semester | 10th-12th Grade | ELE | .5 credit)**

**Prerequisites:** *N/A*

Child Psychology is an elective course offered within the psychology department. This course will cover topics including and relating to the development of humans from conception through adolescence. This course will introduce content, theories and methods used by developmental psychologists to study child and adolescent development. Topics covered will include conception, genetics, prenatal development and physical, motor, perceptual and social development from infancy to early adolescence. Theories of social and cognitive development will be covered.

## **ECONOMICS**

**(CE)**

**(One semester | 11th-12th Grade | ECN | .5 credit)**

**Prerequisites:** *N/A*

This is a semester Economics course covering the High School Content Expectations set forth by the Michigan Department of Education. Major topics will be: The Market Economy: (Individual, Business, and Government choices 1.2 Competitive Markets 1.3 Prices, Supply and Demand 1.4 Role of Government in the Market) The National Economy: (2.1 Understanding National Markets 2.2 Role of Government in the United States Economy) International Economy: (3.1 Economic Systems 3.2 Economic interdependence—trade) and Personal Finance: (4.1 Decision Making). Additionally, this course will focus on critical thinking, organizational skills, decision making, and the formation of well-supported, persuasive opinions.

## **GOVERNMENT**

**(CG)**

**(One semester | 11th-12th Grade | GOV | .5 credit)**

**Prerequisites:** *N/A*

This semester course will focus on Federalism as it is applied to the structure and function of government in the United States. There will be an emphasis on the interrelationship of historical, political, geographic, economic and decision-making forces, using real-life examples and issues. Students will analyze decisions and events and will produce projects of their own creation.

## **PSYCHOLOGY**

**(CPA|B)**

**(Year Long | 11th-12th Grade | ELE | 1.0 credit)**

**Prerequisites:** *N/A*

Psychology involves the study of the individual and his/her efforts to learn, remember and solve problems. Studying psychology can provide useful insights into the student's own and other people's behavior. Psychology is a class open to average and above average students in the eleventh and twelfth grades. The course of study will include the study of emotions, motivation, learning processes, psychological testing and abnormal behavior. This class will also deal with the life span and the physical, emotional, intellectual, and social adjustments made during childhood, adolescence and adulthood.

## **SOCIOLOGY**

**(CSOC)**

**(One semester | 11th-12th Grade | ELE | .5 credit)**

**Prerequisites:** *N/A*

An introduction to the scientific study of social behavior and social influences on behavior with the goal of preparing students to interact with friends, family, and other community members. Theories and research will cover such topics as: ways people are influenced, stereotypes and prejudice, conformity and obedience to authority, helping behaviors, conflict and aggression, attraction, and love.

## **UNDERSTANDING HISTORY THROUGH SPORTS**

**(CSH)**

**(One semester | 11th-12th Grade | ELE | .5 credit)**

**Prerequisites:** *Successful completion of World History and U.S. History.*

This history elective will examine the development of sports. Our historical study will focus on helping students gain a better understanding of the inner relationship that sports has on social, economic, cultural, and political forces that are at work in the United States as well as the world. We will examine the historical context as well as the significance of race, gender, ethnicity, and social class. We will do our historical investigation through readings, primary sources, audio, and visual materials as well as class discussions.

## **UNITED STATES HISTORY**

**(CUSA|B)**

**(Year Long | 10th Grade | USH | 1.0 credit)**

**Prerequisites:** *N/A*

This one-year course is designed as a survey of the significant developments in America's past. Specific attention is given to the growth of American society and the emergence of the United States as a world power. After completing the course, students will be able to: identify some of the major themes in American life as demonstrated in the specific events of our past; trace the territorial expansion of the U.S. and how it eventually became recognized as a world power; demonstrate the ways in which the national government was seen as a vehicle for positive change and as a threat to liberty; and demonstrate, through practice, the basic skills of an historian.

## **WORLD HISTORY**

**(CWHA|B)**

**(Year Long | 9th Grade | WH | 1.0 credit)**

**Prerequisites:** *N/A*

This full-year course is divided into 2 semesters with a total of 8 thematic units. These units are organized by focal social studies themes present throughout history. Emphasis will be focused on understanding the political, social and cultural, scientific and economic events and figures that have shaped the world as we know it today. The course will focus on critical thinking, organizational skills, decision making, and the formation of well-supported, persuasive logic and reasoning. The goal for this survey level course is to prepare students for the rigorous requirements of their future classes. Other areas of focus will be character development such as: improving work ethic, developing collaborative skills, challenging oneself with reading, writing, thinking more critically, and lastly accountability.

## TECHNOLOGY & STEM DEPARTMENT

### **CYBER SECURITY**

**(GCSA|B)**

**(Year Long | 10th-12th Grade | ELE | 1.0 credit)**

**Prerequisites:** *N/A*

This course introduces the tools and concepts of cybersecurity and encourages students to create solutions that allow people to share computing resources while protecting privacy. Nationally, computational resources are vulnerable and frequently attacked; in Cybersecurity, students solve problems by understanding and closing these vulnerabilities. This course raises students' knowledge of and commitment to ethical computing behavior.

### **STEM ACADEMY FOR ELECTIVE SCIENCE**

**(DSESA|B)**

**(Year Long | 9th-10th Grade | SCI and VPA or ELE | 2.0 credit)**

**Prerequisites:** *Application Process and acceptance into the program*

This innovative and student-centered learning experience offers our students a partnership between Earth Science and Physics curriculum standards and real-life, hands-on projects that will help prepare them for college or career. The Knights STEM Academy's project-based learning approach provides real-world experiences built on the crucial link between academic achievement and future success. Content and projects are based on science, technology, engineering, and math (STEM). Students use 3D printing, laser cutting, wood working, and CNC machining to build rockets, ukuleles, game boards, and disaster-proof cities. The Gone Boarding curriculum has also been incorporated which allows students to build and, if they choose, ride snowboards.

### **STEM ACADEMY FOR GEOMETRY**

**(ESGEA|B)**

**(Year Long | 9th-10th Grade | GEO and VPA or ELE | 2.0 credit)**

**Prerequisites:** *Application Process and acceptance into the program*

This innovative and student-centered learning experience offers our students a partnership between Geometry curriculum standards and real-life, hands-on projects that will help prepare them for college or career. The Knights STEM Academy's project-based learning approach provides real-world experiences built on the crucial link between academic achievement and future success. Content and projects are based on science, technology, engineering, and math (STEM). Students use 3D printing, laser cutting, wood working, and CNC machining to build gliders, stained glass windows, catapults, and pinball mini golf games. The Gone Boarding curriculum has also been incorporated which allows students to build and, if they choose, ride stand up paddle boards.

### **STEM ENGINEERING 1**

**(ISE1A|B)**

**(Year Long | 9th-12th Grade | MTH or ELE | 1.0 credit)**

**Prerequisites:** *N/A*

This is an introductory engineering class. Students will learn the foundational skills in Computer Aided Drafting (CAD) as it applies to 3D modeling and parametric design. Students will learn about the design thinking process. Students will also be introduced to 3D printing, laser cutting, and programming of analog/digital components like LED's and sensors. Students will use these skills to complete both individual and group projects.

## **STEM ENGINEERING 2**

**(ISE2A|B)**

**(Year Long | 10th-12th Grade | VPA or ELE | 1.0 credit)**

**Prerequisites:** *STEM Engineering 1 or 1 year of the HS STEM Academy*

This is a second year engineering class. Students will continue to build on their CAD skills creating more complex designs while taking into consideration the design thinking model. Students will utilize these advanced skills to solve problems that are more real-world in nature that are related to several fields of engineering including mechanical and civil. Students will gain additional understanding of coding by integrating hardware into their designs that include motors, servos and sensors.

## **STEM ENGINEERING 3**

**(ISE3A|B)**

**(Year Long | 11th-12th Grade | VPA or ELE | 1.0 credit)**

**Prerequisites:** *STEM Engineering 2 or 2 year of the HS STEM Academy*

This is a third year engineering class. Students will utilize all of their CAD and programming skills to solve more complex projects that incorporate the physics that are applied in engineering. Students will primarily work in teams to solve engineering problems using the design thinking model.

## **STEM ENGINEERING CAPSTONE**

**(ISECA|B)**

**(Year Long | 12th Grade | VPA or ELE | 1.0 credit)**

**Prerequisites:** *STEM Engineering 3*

This is a year long capstone course for seniors. The students will participate in a year long design/build process to create an original product from start to finish. Students will go through all aspects of the design process from creating their problem statement, research and data collection, design & modeling, prototyping and final product build (when able). Students will present their projects to a panel several times throughout the course

## **WORLD LANGUAGE DEPARTMENT**

### **ADVANCED PLACEMENT (AP) SPANISH**

**(FAPSA|B)**

**(Year Long | 11th-12th Grade | WL or ELE | 1.0 credit)**

**Prerequisites:** *Successful completion of Spanish 4 with a "C-" or better.*

This course is designed for students who have successfully completed three years of high school Spanish. It stresses oral skills, composition, and grammar. Students will be expected to comprehend formal and informal spoken Spanish, read accurately modern Hispanic literature as well as newspaper and magazine articles, compose expository passages, and express ideas orally with accuracy and fluency. Advanced Placement Spanish will seek to meet the objectives of a Spanish course at the college level. College level materials will be used. At the completion of one year, an AP student can take an AP examination to demonstrate college level achievement. If the student scores well on the examination, most colleges will give him/her credit up to eight hours of college Spanish. Students who choose to take the AP exam will do so at their own expense

**FRENCH 1****(FF1A|B)****(Year Long | 9th-12th Grade | WL | 1.0 credit)****Prerequisites:** *N/A*

French I is an introduction to a new and fascinating world. Students will begin to develop skills in listening, speaking, reading, and writing French. Emphasis will be placed on oral communication as students are expected to participate daily in the target language. The study of French culture and its influence on our way of life will also be stressed.

**FRENCH 2****(FF2A|B)****(Year Long | 10th-12th Grade | WL | 1.0 credit)****Prerequisites:** *French 1*

More emphasis will be placed on grammar and vocabulary, with additional practice in reading and writing. Students are expected to speak and to hear French the majority of the time. Oral exams and dialogues will be given frequently. Studies of French culture will be included throughout the course.

**FRENCH 3****(FF3A|B)****(Year Long | 11th-12th Grade | WL or ELE | 1.0 credit)****Prerequisites:** *French 2*

French III will focus on improving oral and written communication and listening skills. Emphasis will be placed on the expansion of vocabulary and comprehension through the use of various media such as newspapers, magazines, videos, tapes, and French literature. Students will be expected to participate daily in the target language.

**FRENCH 4****(FAPFA|B)****(Year Long | 12th Grade | WL or ELE | 1.0 credit)****Prerequisites:** *Successful Completion of French 3 with a "C" or better*

The class will consist of advanced grammar studies through written and oral activities. Teachers and students will communicate in the target language. Students will practice and work collaboratively with their classmates to improve their communication in the target language. Students will extend their writing capabilities through compositions. Students will read various French novels, short stories, poetry, newspapers, classic/modern skits, presentations, discussions, debates, and projects. Teachers will monitor progress and encourage independent thought and practice. Students will study culture, history, societal issues, current events, history, politics, and other issues of the Francophone world.

**SPANISH 1****(FS1A|B)****(Year Long | 8th-12th Grade | WL | 1.0 credit)****Prerequisites:** *N/A*

Spanish I is an introduction to a new and fascinating world. Students will begin to develop skills in listening, speaking, reading, and writing Spanish. Emphasis will be placed on oral communication as students are expected to participate daily in the target language. The study of Spanish culture and its influence on our way of life will also be stressed

## **SPANISH 2**

**(FS2A|B)**

**(Year Long | 9th-12th Grade | WL | 1.0 credit)**

**Prerequisites:** *Successful completion of Spanish 1 with a “C-” or better.*

Spanish 2 will be a continuation of Spanish I. More emphasis will be placed on grammar and vocabulary, with additional practice in reading and writing. Students are expected to speak and to hear Spanish the majority of the time. Oral exams and dialogues will be given frequently. Studies of Spanish culture will be included throughout the course.

## **SPANISH 3**

**(FS3A|B)**

**(Year Long | 10th-12th Grade | WL or ELE | 1.0 credit)**

**Prerequisites:** *Successful completion of Spanish 2 with a “C-” or better.*

Spanish3 will focus on improving oral communication and listening skills. In order to do this, realia in the form of magazines, newspapers, tapes and videos will be utilized. Also, selections from Spanish literature will help to expand vocabulary and comprehension.

## **SPANISH 4**

**(FS4A|B)**

**(Year Long | 11th-12th Grade | WL or ELE | 1.0 credit)**

**Prerequisites:** *Successful completion of Spanish 3 with a “C-” or better.*

This class is designed as a continuation of Spanish 3, focusing on all 5 areas in more depth without the focus of the class being on the AP test. Students will study in a more relaxed atmosphere than in an AP class; however, since it is an advanced class, there are high expectations. Students who feel they are not strong enough to take Advanced Placement Spanish but enjoy the Spanish language would be able to take this class. If a Spanish 4 student wanted to take the AP test in the spring, he/she would be able to do so. This class will be conducted 90% in Spanish.

## **SPECIAL EDUCATION DEPARTMENT**

### **RESOURCE PROGRAM**

The resource program supports students with disabilities working through the Michigan Merit Curriculum towards a high school diploma. Consistent with each student’s individual education program (IEP), teachers provide specially designed instruction in reading, writing, math, science, social studies, and/or behavior so that students may (a) participate in the general education curriculum, and (b) make progress on their IEP goals.

**(SRS9A|B) | (SRS10A|B) | (SRS11A|B) | (SRS12A|B) | (SRSA|B)**

### **FOUNDATIONS OF LANGUAGE ARTS 9/10**

**(SCFLA910A|B)**

**(Year Long | 9th-10th Grade | ELE | 1.0 credit)**

**Prerequisites:** *N/A*

### **FOUNDATIONS OF MATH 1**

**(SCFMA|B)**

**(Year Long | 9th-10th Grade | MTH | 1.0 credit)**

**Prerequisites:** *N/A*

**FOUNDATIONS OF MATH 11/12**  
**(SCFM1112A|B)**  
(Year Long | 11th-12th Grade | MTH | 1.0 credit)  
Prerequisites: *N/A*

**FOUNDATIONS OF MATH 2**  
(Year Long | 9th-10th Grade | ELE | 1.0 credit)  
Prerequisites: *N/A*

**(SCFM2A|B)**

**FOUNDATIONS OF READING**  
**(SCFR1112A|B)**  
(Year Long | 11th-12th Grade | ELE | 1.0 credit)  
Prerequisites: *N/A*

**FOUNDATIONS OF TRANSITIONAL SKILLS**  
(Year Long | 9th-12th Grade | ELE | 1.0 credit)  
Prerequisites: *N/A*

**(SCFTSA|B)**

**TRANSITION SKILLS**  
**(SCTK1112A|B)**  
(Year Long | 11th-12th Grade | ELE | 1.0 credit)  
Prerequisites: *N/A*

**WORKSITE | SCIENCE | SEL**  
(Year Long | 9th-12th Grade | ELE | 1.0 credit)  
Prerequisites: *N/A*

**(SCSELA|B)**

### **MULTILINGUAL LEARNERS (ML) PROGRAM**

The Multilingual Learner (ML) program serves students who have recently entered the United States, or speak a language other than English in their home, as they develop English language proficiency in reading, writing, speaking, and listening. English Learners' progress toward proficiency is measured through the state standardized language assessment the WIDA Access. Multilingual learners are monitored and supported by English language development (ELD) staff.

**ML ENGLISH 1**  
(Year Long | 9th-12th Grade | 1 ENG and 1 ELE | 2.0 credit)  
Prerequisites: *N/A*

**(YELE1A|B)**

This class is designed for students who have recently entered the United States and have demonstrated a basic level of proficiency in the English language measured by the WIDA ACCESS. This course provides students beginner exposure to English in the areas of reading, writing, speaking, and listening. Instructional routines will provide the foundation for students to

collaborate to build concepts and language while exploring precise vocabulary, language functions, and grammatical targets through daily academic interactions with both oral language and text. Each unit is assessed through a post test with embedded skill questions, written work, and presentations.

## **ML ENGLISH 2**

**(YELE2A|B)**

**(Year Long | 9th-12th Grade | ENG | 1.0 credit)**

**Prerequisites:** *N/A*

EL English 2 is designed to support students who have recently exited the Newcomers' program and are continuing to advance their English language skills in listening, speaking, reading, and writing. Through daily academic interactions with peers and teachers, as well as instructional routines for academic vocabulary, discussion, and writing, students will explore precise vocabulary, language functions, and grammatical targets through verbal and written responses to a variety of anchor texts. Each issue is assessed through a post test with embedded skill questions, formal writing assessments and presentations.

## **ML MATH SUPPORT**

**(YELMTHA|B)**

**(Year Long | 9th-12th Grade | MTH | 1.0 credit)**

**Prerequisites:** *N/A*

The EL Math support class is designed to equip students learning English with educational strategies related to mathematics while accessing mainstream curriculum. Class size is typically small, which allows teachers to focus on individual student needs. This course is limited to English learners. Successful completion of the EL Math support class in grades 9-12 results in one math elective credit earned per class.

## **ML SUPPORT**

**(YELA|B)**

**(Year Long | 9th-12th Grade | ELE | 1.0 credit)**

**Prerequisites:** *N/A*

The EL support class is designed to equip students learning English with educational strategies that will enable them to achieve language goals while accessing mainstream curriculum. This course focuses on improving literacy in English by emphasizing reading, writing, and vocabulary skills. Class size is typically small, which allows teachers to focus on individual student needs. This course is limited to English learners. Successful completion of the EL support class in grades 9-12 results in one elective credit earned per class.

## **EXTRACURRICULAR ACTIVITIES**

Kenowa Hills High School offers a variety of extracurricular activities that can enhance a student's educational experience. We encourage students to become involved. Listen to daily announcements for information about clubs and meeting dates.

Students interested in school-sponsored athletics are required to have a current physical on file and should consult the Kenowa Hills athletic code for eligibility information. More information can be obtained in the Athletic Office.

## ATHLETICS

FALL	WINTER	SPRING
Cross Country (Boys, Girls, CoEd)	Basketball (Boys, Girls)	Boys Baseball
Girls Dance	Bowling (Boys, Girls, COED)	Boys Golf
Boys Football	Girls Competitive Cheer	Boys Lacrosse
Girls Golf	Gymnastics (Girls, COED)	Girls Soccer
Girls Sideline Cheer	Boys Hockey	Girls Softball
Boys Soccer	Girls Sideline Cheer	Girls Tennis
Girls Swimming	Wrestling (Boys, COED)	Track (Boys, Girls)
Boys Tennis		
Girls Volleyball		

## CLUBS

Book Club	Book Lovers Club	Chess Club
Class Officers	Culture Club	Debate
French Club	FCA	Game Club
Japanese Culture Club	Mental Health Club	National Honor Society (NHS)
Pride Alliance	Special Olympics	Student Council
Student News	Tech Club	Theatre Club- Fall Play and Spring Musical
The Green Club	Young Life	

## **PATHWAYS HIGH SCHOOL PROGRAM INFORMATION**

### **PATHWAYS HIGH SCHOOL GRADING**

Students, your grade will be an evaluation of how well you have met the course objectives. Grades for every course are based on Unit Tests. All Unit Tests must be passed with a 60% or better to earn credit in the course.

Students will have two opportunities to complete an end of unit quiz with a score of 80% or better. Students with a 70% can be moved on with a teacher override after meeting with the teacher. Students receiving 60% or less should review with the teacher and possibly have content for the unit reset.

### **MICHIGAN VIRTUAL HIGH SCHOOL (MIVHS)**

MIVHS offers a variety of courses. Courses are offered through a separate program and will have an outside the district teacher that assists with homework and performs all the grading. Students are assigned an hour and class time to work in the school with a certified staff member that will assist with monitoring progress, technical difficulties and troubleshooting. Students taking AP courses are allowed to take the AP exams through Student Services at Kenowa Hills.

A drop date is set by MIVHS that students must show progress in their courses or be enrolled in a course outside MIVHS. MIVHS sets their own calendar, so dates of breaks, start dates and completed dates may be adjusted. However all work must be turned in prior to the end of the semester according to the KHPS calendar.

Link to MIVHS courses- <http://www.mivhs.org/Courses>

### **WORK BASED LEARNING | EMPLOYABILITY SKILLS**

Students earning additional credits in employability skills and work based learning may apply the additional credits to meet VPA credit requirements. An additional VPA credit can also be used as replacement for a second year of foreign language. Students must follow the requirements of the Career Preparation program. Students enrolled in this program must have a placement by the second Monday of the semester. Students who quit attending their job, assistantship, internship, or work experience, and fail to communicate with the principal risk failing that class for the semester.

## PATHWAYS HIGH SCHOOL GRADUATION REQUIREMENTS

Students who graduate from high school must satisfactorily complete the minimum of 19 units of credit in classes in grade levels 8-12. Students must be enrolled in a minimum of six units of credit in each grade from 9-12. One credit equals one class hour for one school year or successful completion of learning requirements through testing out.

Students graduating from the district shall satisfactorily complete the following minimum specific requirements:

<u>Areas of Study</u>	<u>Credits Required</u>
<b>English Language Arts (Literacy Skills) (ENG)</b>	4.0
<ul style="list-style-type: none"> <li>● All students will be enrolled in English 9, English 10, English 11, and English 12.</li> </ul>	
<b>Mathematics</b>	4.0
<ul style="list-style-type: none"> <li>● one credit for Algebra (ALG)</li> <li>● one credit for Geometry (GEO)</li> <li>● one credit in Algebra II (ALG2) <i>math must be taken in the 9<sup>th</sup>, 10<sup>th</sup>, and 11<sup>th</sup> grade years.</i></li> <li>● one credit of a math elective (MTH) <i>additional math or math related in the senior year.</i></li> </ul>	
<b>Social Studies</b> (must include the following):	3.0
<ul style="list-style-type: none"> <li>● one credit in World History/Geography (in 9<sup>th</sup> grade) (WHG)</li> <li>● one credit in U.S. History/Geography (in 10<sup>th</sup> grade) (USG)</li> <li>● one credit of Government/Economics (in 11<sup>th</sup> grade) (GOV/ECN)</li> </ul>	
<b>Science</b>	3.0
<ul style="list-style-type: none"> <li>● one credit in Biology (BIO)</li> <li>● one credit of Physical Science (SCI)</li> <li>● one credit in Chemistry and/or Physics (CHM/PHY)</li> </ul>	
<b>Physical Education/Health</b>	1.0
<ul style="list-style-type: none"> <li>● .5 credit in a physical education activity class (MPE)</li> <li>● .5 credit in Health (HTH)</li> </ul>	
<b>Visual Performing Arts (VPA)</b>	1.0
<b>World Language (WL)</b> (two years of same language in consecutive years)	2.0
**Both WL credits will be waived for students educated for at least one year in a school instructed in a language other than English.	
<b>Employability Skills (ES)</b>	<u>1.0</u>
<b>TOTAL CREDITS required for graduation</b>	<b>19.0*</b>
* <i>Computer Education (online learning experience embedded in core content classes)</i>	

Unless otherwise noted, the grade point average (GPA) is calculated based on the following 4.0 point scale:

A = 4.0 (93-100)	B- = 2.667 (80-82)	D+ = 1.333 (67-69)
A- = 3.667 (90-92)	C+ = 2.333 (77-79)	D = 1.0 (63-66)
B+ = 3.333 (87-89)	C = 2.0 (73-76)	D- = .667 (60-62)
B = 3.0 (83-86)	C- = 1.667 (70-72)	E = 0 (0-59)

## PATHWAYS COURSE DESCRIPTION GUIDE

### PATHWAYS EMPLOYABILITY SKILLS DEPARTMENT

#### **PHS CAREER SKILLS**

(One Semester | ES | .5 credit)

Prerequisites: *N/A*

#### **EXPERIENTIAL LEARNING**

(One semester | 12th Grade | ES | .5 credit)

Prerequisites: *The student must also be taking a high school course concurrently that relates directly to the internship.*

#### **PHS INTRODUCTION TO BUSINESS**

(One semester | ES | .5 credit)

Prerequisites: *N/A*

#### **KENT CAREER TECH CENTER (KCTC)**

(Year Long | 11th-12th Grade | Credit Varies | 3.0 credit)

Prerequisites: *N/A*

#### **PHS STUDY SKILLS**

(One semester | ES | .5 credit)

Prerequisites: *N/A*

#### **WORK BASED LEARNING**

(One semester or Year Long | ES | .5 or 1.0 credit)

Prerequisites: *The student must also be taking a high school course concurrently that relates directly to the internship.*

## PATHWAYS ENGLISH | LANGUAGE ARTS DEPARTMENT

### PHS LANGUAGE ARTS 9

(Year Long | ENG | 1.0 credit)

Prerequisites: *N/A*

### PHS LANGUAGE ARTS 10

(Year Long | ENG | 1.0 credit)

Prerequisites: *N/A*

### PHS LANGUAGE ARTS 11

(Year Long | ENG | 1.0 credit)

Prerequisites: *N/A*

### PHS LANGUAGE ARTS 12

(Year Long | ENG | 1.0 credit)

Prerequisites: *N/A*

## PATHWAYS MATH DEPARTMENT

### PHS ALGEBRA 1

(Year Long | ALG | 1.0 credit)

Prerequisites: *N/A*

### PHS ALGEBRA 2 OVER TWO YEARS A

(Year Long | ALG2 (S1) ELE (S2) | 1.0 credit)

Prerequisites: *Successful completion of Algebra and Geometry*

### PHS ALGEBRA 2 OVER TWO YEARS B

(Year Long | ALG2 (S1) ELE (S2) | 1.0 credit)

Prerequisites: *Successful completion of Algebra and Geometry*

### PHS FINANCIAL MATH

(One Semester | MTH | .5 credit)

Prerequisites: *N/A*

### PHS GEOMETRY

(Year Long | GEO | 1.0 credit)

Prerequisites: *Successful completion of Algebra*

## **PHS STATISTICS**

(Year Long | MTH | 1.0 credit)

Prerequisites: *Successful completion of Algebra 1 and 2 and Geometry*

## **PHS PERSONAL FINANCE**

(Year Long | MTH | .5 credit)

Prerequisites: *N/A*

---

## **PE AND HEALTH DEPARTMENT**

### **PHS HEALTH**

(One semester | HTH | .5 credit)

Prerequisites: *N/A*

### **PHS PHYSICAL EDUCATION @ KHHS**

(One semester | MPE | .5 credit)

Prerequisites: *N/A*

---

## **PATHWAYS SCIENCE DEPARTMENT**

### **PHS BIOLOGY**

(Year Long | BIO | 1.0 credit)

Prerequisites: *N/A*

### **PHS CHEMISTRY**

(One Year | CHM/PHY | 1.0 credit)

Prerequisites: *N/A*

### **PHS ENVIRONMENTAL SCIENCE**

(Year Long | ELE | 1.0 credit)

Prerequisites: *N/A*

### **PHS PHYSICAL SCIENCE**

(Year Long | SCI | .5 credit)

Prerequisites: *N/A*

### **PHS PHYSICS**

(Year Long | CHM/PHY | 1.0 credit)

Prerequisites: *N/A*

## **PATHWAYS SOCIAL STUDIES DEPARTMENT**

### **PHS ECONOMICS**

(One semester | ECN | .5 credit)

Prerequisites: *N/A*

### **PHS GOVERNMENT**

(One semester | GOV | .5 credit)

Prerequisites: *N/A*

### **PHS SOCIOLOGY**

(One semester | ELE | .5 credit)

Prerequisites: *N/A*

### **PHS UNITED STATES HISTORY**

(Year Long | USH | 1.0 credit)

Prerequisites: *N/A*

### **PHS WORLD HISTORY**

(Year Long | WH | 1.0 credit)

Prerequisites: *N/A*

## **PATHWAYS VISUAL PERFORMING ARTS (VPA) DEPARTMENT**

### **CONCERT BAND @KHHS**

(One semester- S2 | VPA | .5 credit)

Prerequisites: *N/A*

### **MARCHING BAND @KHHS**

(One semester- S1 | VPA | .5 credit)

Prerequisites: *N/A*

### **ORCHESTRA @KHHS**

(Year Long | VPA | 1.0 credit)

Prerequisites: *N/A*

### **PHS ART HISTORY**

(One semester | VPA | .5 credit)

Prerequisites: *N/A*

## **PHS INTRODUCTION TO ART**

(One semester | VPA | .5 credit)

Prerequisites: *N/A*

## **PATHWAYS WORLD LANGUAGE DEPARTMENT**

### **PHS CHINESE 1**

(Year Long | 9th-12th Grade | WL | 1.0 credit)

Prerequisites: *N/A*

### **PHS CHINESE 2**

(Year Long | 10th-12th Grade | WL | 1.0 credit)

Prerequisites: *Successful completion of Chinese 1*

### **PHS FRENCH 1**

(Year Long | 9th-12th Grade | WL | 1.0 credit)

Prerequisites: *N/A*

### **PHS FRENCH 2**

(Year Long | 10th-12th Grade | WL | 1.0 credit)

Prerequisites: *Successful completion of French 1*

### **PHS GERMAN 1**

(Year Long | 9th-12th Grade | WL | 1.0 credit)

Prerequisites: *N/A*

### **PHS GERMAN 2**

(Year Long | 10th-12th Grade | WL | 1.0 credit)

Prerequisites: *Successful completion of German 1*

### **PHS LATIN 1**

(Year Long | 9th-12th Grade | WL | 1.0 credit)

Prerequisites: *N/A*

### **PHS LATIN 2**

(Year Long | 10th-12th Grade | WL | 1.0 credit)

Prerequisites: *Successful completion of Latin 1*

### **PHS SPANISH 1**

(Year Long | 9Th-12th Grade | WL | 1.0 credit)

Prerequisites: *N/A*

## **PHS SPANISH 2**

(Year Long | 10th-12th Grade | WL | 1.0 credit)

*Prerequisites: Successful completion of Spanish 1*

# **PATHWAYS SPECIAL EDUCATION DEPARTMENT**

## **RESOURCE PROGRAM**

The resource program supports students with disabilities working through the Michigan Merit Curriculum towards a high school diploma. Consistent with each student's individual education program (IEP), teachers provide specially designed instruction in reading, writing, math, science, social studies, and/or behavior so that students may (a) participate in the general education curriculum, and (b) make progress on their IEP goals.
